RE: Board Agenda Item – Building Modification – Eastside Middle School

Presented for Board approval is a request from Mr. Troy Wood to install a communication board outside of the front entrance at Eastside Middle School.

Approving this request will benefit the students and staff by building culture and improving awareness with the community and promoting PBIS within the school climate. This will be covered by PTSO funds and will be at no additional cost to the district.

I recommend the Board approve the request from Mr. Troy Wood to install a communication board outside of the front entrance at Eastside Middle School.

RE: Board Agenda Item – Outdoor Mounted Display Case – Eastside Middle School

Eastside Middle School would like to install an outdoor display case. With the protective vinyl covering on the front entrance of the school, we can no longer post visible notices to the windows (SBDM meetings, team rosters, school team lists, etc.). The display case will either be mounted to the exterior wall of the building or mounted into the concrete entrance. The school will use PTSO funds to purchase the item.

The size of the display case is approximately 48" x 48" if wall mounted. If concrete mounted, it will be approximately 48"x48"x 60".

Please see the image below for examples of what the display case will look like. The case will be colored to match EMS color scheme.

Please contact me with any questions or concerns.
