Re: Proposed 2019-2020 School Calendar Options

As per KRS 158.070 (2)(b)(c)(d) The School District Calendar Committee, after seeking feedback from school district employees, parents, and community members, is presenting school calendar options to the Board. The calendar options comply with state laws and regulations and consider the economic impact of the school calendar on the community and the state. Prior to adopting a school calendar, the Board shall hear the Committee's recommendations and the recommendation of the Superintendent. At a subsequent meeting, on December 17th, the Board shall approve a calendar for the upcoming school year.

Attached please find two options for the 2019-2020 School Calendar developed by the District Calendar Committee. Both calendars contains 187 days and include, 170 instructional days, 7 planning days, 4 professional development days, 4 holidays, 1 opening day, 1 closing day, a minimum of 1,062 hours of instruction and 15 potential make up days. Presidents' Day has been designated as a holiday, in the calendar, and as a potential makeup day. Should Presidents' Day be used as a makeup day we are requesting Oaks Day be given to staff as the holiday. If there are any new statutes and regulations released regrading calendar requirements, we will review the information to verify the number of instructional hours on each school's master schedule for the 2019-2020 school year.

The gray shaded days on the calendar options indicate student instructional days. The major difference between the calendar options is the placement of the start of school. Calendar Option 1 is similar to the current school calendar with school starting the first full week of August. Calendar Option 2 has the start of school being the second full week of August, based on survey feedback results requesting that school start later in August. Both calendar options have a full week for fall break, also based on survey feedback results.
