

EVIDENCE-BASED PRACTICES

With KDE's implementation of the Every Student Succeeds Act (ESSA), schools identified for Targeted Support and Improvement (TSI) and Comprehensive Support and Improvement (CSI) are expected to document evidence-based practices in their CSIPs.

District:

Hardin County

School:

Bluegrass Middle School

Identify the specific evidence-based practice being implemented/used at your school.

Literacy First, Read 180, Math 180, Thoughtful Education, Kagen Strategies, Olweus Anti-Bullying, MAP, Edugenuity

Describe how your school ensures that the program/strategy listed above is implemented with fidelity.

Fidelity is ensured through eWalks, having an instructional specialist to support teachers who might have not been at the school with the initial training in say Thoughtful Education, reports from programs like Read 180 and Math 180, and tracking programs to ensure that during eWalks specific strategies are marked such as Kagen, TE, Olweus, etc. Programs like MAP and Edugenuity are watched heavily through observations and administration working with students in those settings.

Describe how the program/strategy listed above is monitored and data/progress is used for improvement.

Data from eWalks is reviewed weekly and a district eWalk is reviewed three times a year. Additional data such as Read 180 or Math 180 are reviewed during those content PLCs. Other programs like Edugenuity have reports as well, but the data collected from MAP, KPREP like assessments, and PLC grading of various work should show an increase of proficiency.
