Phase Three: Executive Summary for Schools

Executive Summary for Schools

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Creekside Elementary School, located in the community of Sonora, serves students pre-school through fifth grade, with a total enrollment of 452. Students at Creekside live in the rural areas of Upton, Sonora, Glendale, and southern Elizabethtown. 10% of the student population falls in a minority group and 46% of the entire school population qualifies as free or reduced lunch. There has been little transition in the instructional staff over the last four years. Creekside Elementary is fortunate to be housed in a state-of-the-art facility with plentiful resources and technology.

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs.

Describe how the school embodies its purpose through its program offerings and expectations for students.

The mission of Creekside Elementary School is to provide a safe learning environment where every student is encouraged to challenge themselves to reach their full potentials. Measures of Academic Progress (MAP) and other assessment data are used to analyze the individual strengths and learning needs of all of our students. Creekside Elementary's staff continually strives to improve instructional practices and overall school climate. Keeping the school's mission in mind, Creekside places an emphasis on traditions, loyalty, and commitment to education. Since the local community is such a huge part of Creekside, the school staff is striving to increase its partnerships with parents through new and varied parent engagement activities.

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

Over the past four school years, Creekside Elementary has focused on increasing students' 21st Century technology skills and the amount of instructional technology available on the campus has increased. Math and writing are two areas of needed improvement that have been and will remain a focus. Plans are in place to increase the focus on professional development and analysis of individual student assessment data during Professional Learning Committee meetings. We are working to increase proficiency in both reading and math on the KPREP tests, as well as close the achievement gaps for students of two or more races, students affected by poverty, and special education students.

ATTACHMENTS

Please be sure to upload the files in the Attachments section at the end of the diagnostic.

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

Additional information about Creekside Elementary can be found on the school's website.
