# **Comprehensive Improvement Plan for Districts**

### Rationale

District improvement efforts focus on student needs through a collaborative process involving all stakeholders to establish and address priority needs, district funding, and closing achievement gaps between identified subgroups of students. Additionally, districts build upon their capacity for high-quality planning by making connections between academic resources and available funding to address targeted needs.

### Operational definitions of each area within the plan

Goal: Long-term three to five year target based on Kentucky Board of Education required goals. Schools may supplement with individual or district goals.

Objective: Short-term target to be attained by the end of the current school year.

Strategy: Research-based approach based on the 6 Key Core Work Processes designed to systematically address the process, practice or condition that the district will focus its efforts upon in order to reach its goals/objectives.

Activity: The actionable steps used to deploy the chosen strategy.

Key Core Work Processes: A series of processes that involve the majority of an organization's workforce and relate to its core competencies. These are the factors that determine an organization's success and help it prioritize areas for growth.

Measure of Success: the criteria that you believe shows the impact of our work. The measures may be quantifiable or qualitative, but they are observable in some way. Without data on what is being accomplished by our deliberate actions, we have little or no foundation for decision-making or improvement.

Progress Monitoring: is used to assess the plan performance, to quantify a rate of improvement based on goals and objectives, and to evaluate the effectiveness of the plan.

### **Guidelines for Building an Improvement Plan**

- There are 6 required District Goals: Proficiency, Separate Academic Indicator, Achievement Gap Closure, Graduation rate, Growth, and Transition readiness.
- There are 5 required school-level goals: For elementary/middle school: Proficiency, Separate Academic Indicator, Gap, Growth, and Transition readiness. For high school: Proficiency, Separate Academic Indicator, Gap, Graduation rate, and Transition readiness.
- There can be multiple objectives for each goal.
- There can be multiple strategies for each objective.
- There can be multiple activities for each strategy.

# 1: Proficiency Goal

Goal 1: By the end of the 2020 school year, Lincoln Elementary School will improve the reading and math proficiency indicator from 63 to 71; Dayton Middle School will improve the MS Proficiency Indicator score on KPREP from 66.4 to 74; and DHS will improve the HS Proficiency Indicator score on the ACT from 60.6 to 67.

		<b>Deeper Dive Walkthroughs</b> – District and building level administrators will implement a formal system to monitor effective instructional practices and systems for assessment of learning. Using the district created "Deeper Dive" Walkthrough protocol, district and school leaders will observe teachers and collect evidence to make decisions regarding professional learning and additional district support to teachers.	Improved Instructional Strategies for all teachers throughout the district	Deeper Dive Walkthroughs were completed during the first semester. Second semester walkthroughs begin this week.	
	Review, Analyze, Apply Data	<b>CASE Testing</b> – The district will monitor the implementation of CASE testing at LES and DMS to provide KPREP-like testing opportunities for students in grades K - 8, review students mastery towards standards, and to have intentional discussions with teachers to determine instructional changes that need to occur based on the data from CASE testing.	Increase percentage of students scoring P/D on the KPREP assessment	CASE testing has been administered twice this school year. The third and comprehensive CASE assessment will be administered in March.	

2: Separate Academic Indicator Goal 2: By the spring of 2020, Lincoln Elementary School will improve the Separate Indicator score from 62 to 70, and Dayton Middle School will improve the Separate Academic Indicator Score from 54.8 to 63.8.
