

## **Board Report**

**January 2019**

### **Facilities**

Having work done on our shed and having ramp built back for it.

Getting bids on buying a Gator to help with snow removal and to take care of ball fields.

We received a bid for janitorial outsourcing for the remainder of the 2018-19 school year and determined it would not be profitable. We will continue to work with custodial staff to improve the cleanliness of the buildings.

I have begun work on reconvening the Local Planning Committee (LPC) to complete the District Facility Plan (DFP).

### **Transportation**

We had 6 field trips and 23 extra-curricular trips in the month of December.

We have been using the van for Homeless Student Transportation.

The Food Service Van is having work done on it at Kenny's Collision in Alexandria.

### **Student Services**

Our new Families in Transition Coordinator has helped many students in their transition into our district. This has been an excellent grant and she has done a great job for many of our students.

The Dental Clinic and Health Clinic continue to do great work for our students.
