

# FLOYD COUNTY BOARD OF EDUCATION Danny Adkins, Superintendent 106 North Front Avenue Prestonsburg, Kentucky 41653 Telephone (606) 886-2354 Fax (606) 886-8862 www.floyd.kyschools.us

Sherry Robinson- Chair - District 5 Dr. Chandra Varia, Vice-Chair - District 2 Linda C. Gearheart, Member - District 1 William Newsome, Jr., Member - District 3 Rhonda Meade, Member - District 4

<u>Consent Agenda Item (Action Item):</u> Approve a vendor for the Floyd County School District to purchase cafeteria furniture.

<u>Applicable Statute or Regulation:</u> Board Policy 01.11 General Powers and Duties of the Board

<u>Fiscal/Budgetary Impact:</u> The funding source would be the school nutrition department and it would have no impact on the general fund.

History/Background: Quotes for cafeteria seating were submitted by six different companies for Allen Elementary, Betsy Layne Elementary, Betsy Layne High School, Duff-Allen Central Elementary, Stumbo Elementary, May Valley Elementary, Prestonsburg Elementary, Prestonsburg High School, and South Floyd Elementary Schools. Staff members from the school nutrition department analyzed the quotes and the results were discussed with the school superintendent. Evaluation factors included cafeteria design, table quality, warranty details, prior work, references, experience, quality of the presentation, as well as financial stability and price. The best-evaluated bidder will be providing tables, which utilize a high strength low alloy, steel that delivers twice the strength of competitor's tables while averaging 30% lighter tables. The tables will be backed by a 10 year 100% replacement warranty with a 50% prorated warranty for year 10 through year 15. The stools for seating are 20% larger than traditional stools and offer an accent guard to cover the exposed area underneath the stool for easy cleaning.

<u>Recommended Action:</u> I recommend that the Floyd County School District would approve the purchase of cafeteria furniture from the best-evaluated bidder which has been recommended as J.W. Associates.

### SICO® Pacer Table Series

Your choice when you are looking for a table that comes in a variety of shapes to mix the layout of tables in your cafeteria or multi-purpose room.

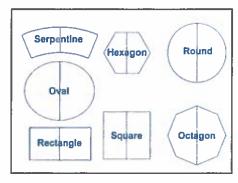

14-gauge square steel center support gives greater strength while preventing damage to tops at center.

Recessed legs and horizontal support frame means less bumping of legs.

Innovative lock bar. Releasing the lock allows for a gentler opening. Operable from either side of the table.

Square tube legs give extra strength. One-inch (25mm) 16-gauge steel square tube leg is 63% stronger than one-inch diameter 16-gauge round tube.

- Tops never touch the floor whether in the use or stored position. SICO tables either are standing on their legs or on their wheels.
- 60% faster set-up than conventional folding leg tables. The saving in labor alone can pay for SiCO® tables in a short period of time.

Available in a variety of shapes.
