RE: Breathitt County Schools – EIFS Repairs

Per your conversations with Todd Frederick and his site visits to these two schools, we propose to complete the scopes of work as outlined below.

- Highland-Turner Elementary, Booneville, KY – Lump sum amount of \$ 9,275.00
 - Remove and replace roughly 85 linear feet of damaged EIFS.
- Marie Roberts-Caney, Lost Creek, KY – Lump sum amount of \$ 11,130.00
 - Remove and replace roughly 70 linear feet of damaged EIFS

Notes: We excluded dumpsters, these are to be provided and removed by the owner.
EIFS color to be chosen by owners from a standard color selection as existing color will be impossible to match exactly.

Respectfully,

Mark Benham
