Telephone Number / E-Mail Address

B. Required Checklist:

All proposals must be submitted with the following:

- Application form with original signature(s) and date.
- Brief mission statement and history.

The Marion County High School art department strives to provide quality visual art education to all students in grades 10-12. Emphasis is placed on creating in all media, responding to our own and others artwork, presenting work and connecting the arts with the world around us.

- Description & purpose of grant needs.

Printmaking is one of the major art forms that we study at the higher levels of art education. Mark making using ink, linocuts, woodcuts, monoprints, styrofoam, etc. is explored with students in Art 1 - AP Art. We currently using heavy books to print images. The addition of a printmaking press will greatly increase the technical quality of artwork and students success rate. With the addition of the AP Studio Art program at MCHS, it is even more necessary to create technically sound pieces of artwork for portfolio requirements.

- Proposed budget and resources:

I am providing two different options for the printing press:

This option allows prints up to 11" wide by 22" long and is from Blick Art Materials.

Speedball Printers Press

100% Satisfaction
Guaranteed!

[description](#) [photos](#) [reviews](#)

This heavy-duty press produces excellent, even prints from woodcuts, linoleum, flexible and soft printmaking materials, Printfoam, etc.

★★★★☆ 3.4 5 Reviews [Write a Review](#)

It is equipped with adjustable rollers — the top roller is spring-loaded and self-lifting for easy printing of type-high blocks.

The press can be mounted with C-clamps (supplied) or permanently attached to a surface with bolts. The bed plate measures 12" x 24" (30.5 cm x 61 cm), and the press weighs 26½ lb (12 kg).
