What programs will K-VIP funding support? Check all that apply.*

☒ SFSP

☒ CACFP At-Risk Meals

Do you plan to expand your summer meals or afterschool meals program over the next year?*

☒ YES

☐ NO

If you responded 'yes', how do you plan to expand your summer meals and/or afterschool meals program? (150 words or more) *

Marion County is looking to add more sites this summer, including working with our public library, our migrant program and possibly adding another mobile route

*Our public library was under renovation last summer so they did not serve as a site however the summer before they feed approximately 650 meals.

*I have spoke with our Migrant Coordinator about adding additional meal services for the population that she serves.

*We currently have our Dream Bus stopping at 2 different sites a day, there are discussions of adding stops to the Dream Bus or possibly even running a separate route with a van

Funding Request

Requested funding amount*

\$1000.00 / No cost to district

How would receiving K-VIP funds affect your program? (150 words or more):*

Receiving the K-VIP funds would off set the cost difference of local produce as opposed to our prime vendor allowing us to support our local farms, promote fresh fruits and vegetables and build working relationships with our agriculture community.

Farm Partnership

Does your organization currently partner with Kentucky farms? *

☒ YES

☐ NO

If you responded 'yes', which farms partner with your organization? *

Peterson Farms from Loretto Ky.
Foxvalley Farms from Lebanon Ky.
Lee Farms from Hodgenville KY.

What barriers have you experienced to including local produce in your meals? Please check all that apply. You must check at least two.*
