March 11th, 2019

Thank you Principal Jury
for allowing us to use your
space!

Thanks to all of you for being with
us this evening!

Greetings & Intros

What is the work of our
committee?

Our Work

IS:

- To Perform the required review of the district Code of Conduct/Student Behavior and Intervention Handbook
 - Products can include no change, additions, deletions, and adjustments to the current document
- To Represent your role group
- To Think in terms of districtwide impacts, implementation, operations, etc.
- To Remain objective and professional

is NOT:

- Derived from personal motivations or individual experiences
- Outside the parameters of the SSBIH
- A stand alone effort, but one part of a larger system of interventions and supports

We must maintain perspective and focus

Remain student centered

Listen to understand

Respect all opinions

Agree to disagree, we will disagree 😊

How do we make decisions?

We will:

- Consider research
 - Peer-reviewed, current
- Refer to exemplars
- Talk with practitioners
- Listen to experts
- Review data
- Examine context
- Compromise

We will NOT:
