Live RED Staff Award

Congratulations to Mr. Joe Moneymaker for being the staff Live RED recipient for the month of March. His nomination reads: So many names come to mind when considering who to nominate for the Live RED Staff Award. One of those is Joe Moneymaker. Mr. Moneymaker teaches social studies to all fourth and fifth grade students at South Livingston Elementary. He works to stay knowledgeable of changes to curriculum and seeks opportunities to learn new instructional methods to further the learning of his students. He is always in search of trainings that will hone his skills and ability to teach social studies content so that all of his students achieve. He isn't only focused on his professional responsibilities, he also will lend a helping hand anywhere it is needed whether it is helping sort mail in the front office or shoveling snow off the back sidewalk before buses arrive. Mr. Moneymaker is an example of Living RED.

Family First

We have two Parent Cafés scheduled for the spring! Thanks to a WellCare mini-grant, we received funding to host four Parent Cafés. The first two occurred in the fall, and were very well received. Parents have been eagerly anticipating the third and fourth Café. We have them scheduled for March 26th and April 22nd, both will take place at the Livingston County Extension Office. Childcare and a meal will be available for families who would like to attend. The meal will begin at 5:00, followed by conversation at 5:30. This is a great opportunity for parents to engage in meaningful, strengths-based, community building conversations that will support their child's learning.

Cardinal Connection

Operation Preparation at the high school was a huge success! Our sophomore students were able to utilize the program by speaking to an adviser from the field they chose through their career surveys. Various community partners came and spoke with the students one-on-one. One student commented her adviser was "awesome." Another stated he is glad we did this, so now he knows what he needs to do for his future. A big shout out to everyone who was able to help make this a success and a special thank you to all high school teachers and staff for your cooperation and patience. Upcoming, we have the Middle School Operation Preparation on March 19 and 20, Parent Cafe on March 26, Job Fair at the High School on April 16, Truth and Consequences on April 26 at LCHS, and Reality Store at the Middle School on April 30. Exciting times with Cardinal Connection!
