

# District Safety & Crisis Priorities

Safety Updates Spring 2018

All Students deserve a safe, positive,  
and supportive environment.

State Leader =

# Physical (Hard) and Psychological (Soft) Approach to Safe, Positive, and Supportive Environment

# Soft Side

“Soft”

MTSS

Tier I SEL Instruction, Adult Advocate, PBIS

Supporting Mental Health/KTP

PREPaRE Curriculum & Training- comprehensive school safety planning (prevention through recovery)

- A Framework for Safe and Successful Schools (Safe and supportive school climate, Collaboration, MTSS, Integrated Learning Supports, Physical & Psychological Safety)

School Safety and Resiliency Act

# Hard Side

School Resource Officers

Capital Construction Plan

School Safety and Resiliency Act

# Next Steps

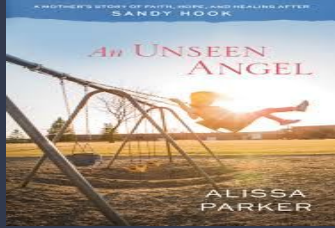

- Dr. Melissa Reeves, author of PREP, RE will be our trainer

- July 29 6 hour training for staff (Workshop 1/3rd Edition)
- August 15 and 16 for Crisis Team staff (Workshop 2/3rd Edition)
- Principals need to establish and secure school level teams to attend on July 29 and prior to that training provide background knowledge from the various meetings/presentations that have occurred during this school year.
- District and School Standing Safety and Culture Committee Meetings

## KCSD Professional Growth Academy Guest Speaker Alissa Parker August 7

“When I see people see school safety for what it is, and when it works, and communities come together and invest in the safety of their children, I've seen so many beautiful things happen. When I see people overlook the importance of those steps—the holistic approach to school safety—and become divisive and argue, that just breaks my heart, as well as seeing these shootings happen again and again. Every time, it just brings back so many emotions from that day.”

*Alissa Parker, co-founder, Safe and Sound Schools  
and mother of Sandy Hook victim Emilie Parker*
