

KENTUCKY DEPARTMENT OF EDUCATION STAFF NOTE

Topic: District Facility Plan Amendment: Warren County School District

Date: April 10, 2019

Action Requested: Review Action/Consent Action/Discussion

Assigned To: Full Board Curriculum, Instruction and Assessment

Finance Operations Management

SUMMARY OF ISSUE BEFORE THE BOARD:

To approve the District Facility Plan (DFP) Amendment for Warren County School District.

COMMISSIONER'S RECOMMENDATION:

The Commissioner recommends that the Kentucky Board of Education (KBE) approve the proposed amended DFP for Warren County School District in accordance with 702 KAR 4:180. Kentucky Department of Education (KDE) staff certify that the plan presented is in compliance with 702 KAR 4:180 and the appropriate steps have occurred as follows: (1) Local Planning Committee (LPC) selection process documented; (2) review of proposed district facility plans for educational programs and curriculum, demographics, facility evaluations, adequacy of financial plan and adequacy of square footage; (3) public meetings and forums notification through news media; (4) local public hearing conducted with appointed hearing officer; and (5) plan submitted for KBE approval.

APPLICABLE STATUTE OR REGULATION:

KRS 157.420 (4), KRS 157.622, KRS 157.620, 702 KAR 4:180

BACKGROUND:

Existing Policy: In accordance with 702 KAR 4:180, each district must develop a local DFP at the completion of a four-year cycle or at the completion of an eight-year cycle (maximum) if the district applied for and was granted a waiver.

Summary of Issue: The facilities planning process provides a DFP that contains an assessment of the school district's attributes and operations including the district profile, demographic information, facility conditions and finances (cost of delivery of services). Local school districts are required to select an LPC to develop a DFP, outlining capital construction priorities.

Information reviewed in developing the DFP provides the LPC with a comprehensive view of program and facility needs required to provide an equitable educational opportunity. KDE staff provides the process to be undertaken by the district in an orientation package. Information for KDE review is then developed by the LPC and its consultants.

The LPC, by virtue of its makeup, encourages both community involvement and diversity of ideas. The LPC recommends a DFP to the local board. If the local board does not approve the DFP, it goes back to the LPC for further refinement. However, a DFP submitted for approval by

the KBE is the final decision of the local board of education and may or may not reflect the determinations of the LPC.

The submitted amended DFP for Warren County School District was recommended by the LPC and approved by the local board of education. Attached with the district's facility plan and hearing report are enrollment projections and enrollment histories with non-resident student data for the district.

Budget Impact: Approval of this amended DFP has no budget impact on state funds.

GROUPS CONSULTED AND BRIEF SUMMARY OF RESPONSES:

Public forums and a local public hearing were held in the school district with no significant issues noted. The plan was approved by the LPC and the Daviess County Board of Education.
