- 2019-87- Special Recognition by Superintendent Jesse Bacon:
"Tonight, I am pleased to recognize and honor some very special people in our district. On Thursday, February 28th, 2019, we avoided what could have been one of the worst tragedies imaginable at Eastside Middle School.

On that afternoon, during bus dismissal, students boarded bus 999 like any other normal afternoon, giving driver Michelle Crenshaw fist bumps as they passed her by. Before the bus was set to depart, a medical emergency ensued. Student **Marley Long** was sitting in the seat with classmate **Zoe Thomas** and was the first to notice that something was wrong. Marley immediately notified **Ms.**

Crenshaw that something was wrong with Zoe. Ms. Crenshaw radioed school personnel for assistance and went to tend to Zoe. When Ms. Crenshaw got to Zoe who was just a few seats back, she realized that Zoe did not have a pulse and her daughter, **Abby Crenshaw**, another student on the bus (a BEHS student) to call 911. By that time assistant principal, **Kyle Buege** had boarded and he and Ms. Crenshaw moved Zoe to the floor of the bus and the two immediately began chest compressions.

Kristin Ball, a teacher who was on bus duty that afternoon worked with bus monitor **Jessica Stump** to get the other students safely off the bus while all of this was going on. School nurse, **Aimee Greenwell** arrived with the AED machine and helped hook that up, but luckily it was never needed. **First responders** from the **MWPD, MWFD, and Bullitt County EMS** reported to the scene in just over four minutes and took over. By that time Zoe was conscious and alert upon their arrival, thanks to the heroic response to the individuals that I mentioned earlier.

There were **a dozen other teachers and staff members** who assisted in ways such as making phone calls, running student summary reports for first responders, supervising students, directing traffic, etc. **And we certainly thank all of them."**

- 2019-88- Mr. Scott Kremer of Studio Kremer Architects gave an update on the Bullitt Lick Middle School Renovation/Addition Project.
- 2019-89- Safe Schools Coordinator Sarah Smith introduced Stephanie McGarry, the new Drug Free Grant Coordinator, and spoke about the Plans/Initiatives of the Bullitt County Partners in Prevention.
- 2019-90- Principal Darrell Vincent discussed the ATC Technical Night to be held at Bullitt Central High School on Thursday, March 28th.

WPC Proposal for Security Upgrades at BAC/ROC

The Department of Facilities received and opened sealed proposals on February 19, 2019, at 2:00 pm. for the security upgrade projects at the Bullitt Alternative Center and Riverview Opportunity Center. Three firms submitted proposals. The apparent low bidder was WPC Co., Inc. in the amount of \$84,542.00. Sarah Dalga, architect with Studio Kremer Architects, met with the contractor and verified that all items have been included and a complete, responsible bid package had been submitted. The original budget for the project was \$60,000. After consulting with Finance Director Lisa Lewis, revising the BG-1 is recommended to reflect the proposal submitted by WPC Co., Inc. and move forward with the project. Doing so will bring these facilities to the same security standards provided to other educational buildings in the district. The additional funding will come from the Maintenance budget. Requested was Board approval to accept the proposal from WPC.

UNFINISHED BUSINESS

2nd Reading, 08.1132 - Hardship Graduation

The Hardship Graduation Policy 08.1132 was updated based on recent discussions between High School Principals and current Board Members to delineate between hardship and early graduation focused on student participation in school events. The updated policy was reviewed by Buckman, Farris & Mills Law Office.

- 2019-95- Motion made by Diane Thompson, seconded by Lorraine McLaughlin, to approve the 2nd Reading of revised Policy 08.1132 as presented. All members voted YES.

2nd Reading of Revised Policy 08.113 - Graduation Requirements

Since the first reading, two classes (Digital Literacy and Earth Space) were added to the Middle School Credit portion on page four of the policy. The proposed changes correct the inconsistencies between the "High School Ready" NWEA norms in Math and Reading as compared to the current policy. Currently, the policy identifies the RIT score of 235 for an eighth-grader to be eligible to take Algebra I during middle school. However, NWEA identifies the RIT score of 243 as the current indicator for High School Ready. The draft does not have a specific number but a minimum score since national norms are updated every two years by NWEA. This will allow the policy to adapt to national assessment norm changes. Earth Space was also added to the list of classes in the first bullet point since the first reading.

- 2019-96- Motion made by Darrell Coleman, seconded by Lorraine McLaughlin, to approve the 2nd Reading of revised Policy 08.113-Graduation Requirements as amended. All members voted YES.

Amended 2019-2020 Staffing Plan

The Board approved the district Staffing Plan for the 2019-2020 school year at the January 28, 2019 meeting. Presented this month was a request to add the following changes to the High School Guidelines:

1. On Page 2, add a one-year moratorium for assistant principal and counselor positions.
2. On Page 3, add an Athletic Director position.
3. On Page 4, increased the day custodian from one to two positions.

Once approved by the Board, the revision will be sent to the KDE for review.

- 2019-97- Motion made by Diane Thompson, seconded by Darrell Coleman, to approve the amended 2019-2020 Staffing Plan as presented. All members voted YES.

Additional Day for Two Certified Intervention Teachers @ BLMS

Bullitt Lick Middle School Principal Kevin Connors requested permission to add one day to his previously approved two certified intervention teachers that are working two days a week. This additional day will be funded from the Bullitt Lick Middle School SBDM funds. In addition, Mr. Connors requested the Board amend the previous request of seven hours per day to six and a half hours per day. This will eliminate the need to offer health insurance benefits to the retired teachers hired for the positions. The overall goal is to have two teachers working six and a half hours per day three days a week.

- 2019-98- Motion made by Lorraine McLaughlin, seconded by Darrell Coleman, to approve the request to add a day to the two certified intervention teachers' weekly schedule and amend the hours to six and a half hours per day. All members voted YES.
