Debrief?

Looking ahead: April 18th, 2019 @ Westport MS

Agenda:

- *Take today's work and share drafts and products with your role group, and gather feedback.

- *Our next meeting will be the LAST meeting before draft recommendations are previewed to the Board.

- *Our next meeting will include appropriate adjustments based on feedback from you and your role groups, singleton sections being edited by the relevant departments (attendance, bullying prev., SCM), the introduction, and statutory components (Student Bill of Rights, Stakeholder Rights & Responsibilities). We plan to make it look as much like a book, have items sequenced properly, etc.

- * Your attendance is vital, please plan to attend.

Questions

- If you have questions about anything not covered this evening, about the process, please write it on a post it note and add to the follow-up parking lot.
- Please include your name and email if you want an individual response. If it is something for the whole group, I will include it in the follow-up Q and A email to all members.
