Subject: Approval from Board for "Booster" paid Baseball/Softball Stipend

Baseball and softball boosters want to add a stipend paid for by the "boosters" in the amount of \$750. The stipend would be for a MS Baseball Assistant and a HS Softball Assistant.

This would keep us with overall three district paid and three booster paid positions for both sports for HS and MS. Currently HS Baseball has three district paid coaches with one booster paid coach, along with one MS booster paid coach. Softball has two district paid coaches for HS with one booster paid assistant, and one district paid MS coach with a booster paid assistant for MS.

I've forwarded both emails from baseball and softball boosters agreeing to their approval of a \$750 coaching stipend for each sport.

Thank you for all your help!
