RE: Teacher of the Hearing Impaired

The Department of Special Education is requesting to add a full time Teacher of the Hearing Impaired position beginning the 2019-2020 school year. This is a continuation of the position added on the February agenda for the remainder of this school year. Due to a lack of suitable applicants, a long-term substitute has filled this position since its approval to meet the requirements of an IEP for a student who moved into the district during the winter. In looking forward, our two current full time teachers of the Hearing Impaired will remain beyond caseload capacity going into next school year; thereby necessitating the need to continue this position for the foreseeable future. Funding for this position will come from the IDEA Budget.

Please contact me if you have any additional questions.
