1. Call to Order

2. Approval of Minutes for the March 18, 2019 Meeting

3. Discussion of New and Amended Board Policies for Report to the Full Board

Background: As part of a long-term organizational coherence project with KSBA to update, align, and systematize all JCPS policies and procedures, KSBA reviewed all JCPS policies and identified:

- Several Board policies that were never converted from an alphabetical categorization system to a numeric system.
- Numerous instances where KSBA has model policy language, but JCPS has no Board policy.

Over the past months, the Board Policy Committee and the Board has worked to correct these omissions. The policies under consideration on this agenda are the final set.
