### Contract Types:

**Any/All** - The most commonly used contract type, does not provide limitations to the number of students a district can accept.

**One for One** - Is an even swap of students between the districts. Extremely rare, none of the districts with whom JCPS has nonresident contracts use this option.

**Specific Number** - Limits nonresident enrollments to a set number. Extremely rare, none of the districts with whom JCPS has nonresident contracts use this option.

**Students of Full-time Employees** - The district only accepts nonresident students of employees working in the district.

**Attached List** - The district of residence provides a list of student names that have been approved to attend JCPS.
