**Action/Discussion Item:** Proposal to add two teachers to serve as instructional (MTSS) consultants for the District.

**Applicable Statutes or Regulations:** KRS 162.90 Powers and Duties of the Local Board of Education.

**Background and major Policy Implications:**

The Floyd County School has a disproportionate amount of students identified as having either a Mild Mental Disability or Functional Mental Disability. In order to lower that proportion, rigorous interventions are needed, especially in the early grades. These consultants will guide teachers and administrators and help with service delivery to help struggling students....before they are identified as having a Mild Mental Disability or Functional Mental Disability.

**Fiscal Budgetary Impact:** Salary and fringe costs will be paid with IDEA funds that are set aside for the purpose of lowering the disproportionate amount of students identified as having either a Mild Mental Disability or Functional Mental Disability.

**Alternatives:** None proposed.

**Recommended Action:** To add two teachers to serve as instructional MTSS consultants for the District.
