

JOB DESCRIPTION

River Country Readers Innovation Specialist

Innovative/Collaborative Teacher

Part-Time Employment

Seeking candidate who brings strength in innovative approaches to learning, as well as be responsible for collaborating with fellow teachers to ensure instruction promotes student learning and progress.

QUALIFICATIONS/RESPONSIBILITIES:

- Degree in education, library science, technology or related field.
- Preferred experience in working with teachers and schools in a variety of settings to improve student literacy and/or STEM achievement
- Collaborate with teachers to maximize the possibilities for integrated, multi-disciplinary teaching.
- Enrich core subject areas and elective instruction.
- Provide an inviting, exciting, innovative learning environment.
- Develop lesson plans aligned with standards.
- Engage in effective and appropriate classroom management.
- Accept and incorporate feedback and coaching from administrative staff.
- Working knowledge of schools and/or school library programming, technology, and systems preferred
- Demonstrated capacity to build and maintain positive relationships and communication among school staff within a school, across schools, or with community literacy and preschool organizations preferred
- Basic computer skills required
- Excellent written and verbal communications skills required.
