Harassment/Discrimination

DEFINITION

Harassment/Discrimination of employees is unlawful behavior based on the race, color, national origin, age, religion, sex, ~~or disability~~, or limitations related to pregnancy, childbirth, or related medical conditions of an employee involving intimidation by threats of or actual physical violence; the creation, by whatever means, of a climate of hostility or intimidation, or the use of language, conduct, or symbols in such manner as to be commonly understood to convey hatred or prejudice.

PROHIBITIONS

Harassment/Discrimination is prohibited at all times on school property and off school grounds during school-sponsored activities. This prohibition also applies to visitors to the school who may come into contact with employees and students. (Acts of harassment/discrimination based on sex may be committed by persons of the same or the opposite sex.)

District staff shall provide for a prompt and equitable resolution of complaints concerning harassment/discrimination.

DISCIPLINARY ACTIONS

Persons engaging in discrimination or harassment of a student or employee in the Hardin County School System on the basis of any of the areas mentioned above shall be subject to disciplinary action including, but not limited to, termination of employment.

GUIDELINES

Employees who believe they or any other employee, student, or visitor is being or has been subjected to harassment/discrimination shall, as soon as reasonably practicable, report it. In each school building, the Principal is the person responsible for receiving reports of harassment/discrimination at the building level. Otherwise, reports of harassment/discrimination may be made directly to the Superintendent. If an employee is not assigned to a particular school, a report of harassment/discrimination may be made to the employee's immediate supervisor or to the Superintendent. Additionally, if sexual discrimination or harassment is being alleged, reports may be made directly to the Civil Rights Compliance Officer.

In applicable cases, employees must report harassment/discrimination to appropriate law enforcement authorities in accordance with law.¹

The Superintendent shall provide for the following:

1. Investigation of allegations of harassment/discrimination to commence as soon as circumstances allow, but not later than three (3) working days of submission of the original written complaint, regardless of the manner in which the complaint is communicated to a District administrator. A written report of all findings of the investigation shall be completed within thirty (30) calendar days, unless additional time is necessary due to the matter being investigated by a law enforcement or governmental agency.

The Superintendent/designee may take interim measures to protect complainants during the investigation.

Harassment/Discrimination**GUIDELINES (CONTINUED)**

2. A process to identify and implement, within three (3) school days of the submission of the written investigative report, methods to correct and prevent reoccurrence of the harassment/discrimination. If corrective action is not required, an explanation shall be included in the report.
3. A process to be developed and implemented to communicate requirements of this policy to all staff, which may include, but not be limited to, the following:
 - written notice provided in publications such as handbooks, staff memoranda, and/or pamphlets;
 - postings in the same location as are documents that must be posted according to state/federal law; and/or
 - such other measures as determined by the Superintendent/designee.

Method(s) used shall provide a summary of this policy, along with information concerning how individuals can access the District's complete policy.

4. Annual training explaining prohibited behaviors and the necessity for prompt reporting of alleged harassment/discrimination; and
5. Development of alternate methods of filing complaints for individuals with disabilities and others who may need accommodation.

PROHIBITED CONDUCT

Depending on the circumstances and facts of the situation, and within the definition of harassment/discrimination contained in this policy, examples of conduct and/or actions that could be considered a violation of this policy include, but are not limited to:

1. Any nicknames, slurs, stories, jokes, written materials or pictures that are lewd, vulgar, or profane and relate to any of the protected categories listed in the definition of harassment/discrimination contained in this policy;
2. Unwanted touching, sexual advances, requests for sexual favors, and spreading sexual rumors;
3. Instances involving sexual violence;
4. Causing an employee to believe that he or she must submit to unwelcome sexual conduct in order to maintain employment or that a personnel decision will be based on whether or not the employee submits to unwelcome sexual conduct;
5. Implied or overt threats of physical violence or acts of aggression or assault based on any of the protected categories;
6. Seeking to involve individuals with disabilities in antisocial, dangerous or criminal activity where they, because of disability, are unable to comprehend fully or consent to the activity; and
7. Destroying or damaging an individual's property based on any of the protected categories.

Harassment/Discrimination

CONFIDENTIALITY

District employees involved in the investigation of complaints shall respect, as much as possible, the privacy and anonymity of all parties involved.

APPEAL

Upon the completion of the investigation and correction of the conditions leading to the harassment/discrimination, any party may appeal in writing any part of the findings and corrective actions to the Superintendent or Civil Rights Compliance Officer (HCS Harassment/Discrimination Complaint Procedure).

If a supervisory staff member is an alleged party in the harassment/discrimination complaint, provision shall be made for addressing the complaint to a higher level of authority.

Failure by employees to report, notify, and/or initiate an investigation of alleged harassment/discrimination as required by this policy or to take corrective action shall be cause for disciplinary action.

NONRETALIATION

No one shall retaliate against any person because s/he has submitted a grievance, assisted or participated in an investigation, proceeding, or hearing regarding the charge of harassment/discrimination of an individual or because s/he has opposed language or conduct that violates this policy.

Upon the resolution of allegations, the Superintendent shall take steps to protect employees and students against retaliation.

OTHER CLAIMS

When a complaint is received that does not appear to be covered by this policy, administrators shall review other policies that may govern the allegations, including but not limited to, 03.113, 03.1325 and/or 09.422.

PROGRAM TO BE PROVIDED

The Board shall provide a high quality, personalized, and evidence based professional development (PD) program that meets the goals established in KRS 158.6451, the Every Student Succeeds Act (ESSA), and in the local needs assessment. At the direction of the Superintendent or designee and in conjunction with each school, the PD coordinator shall facilitate the development and implementation of this program for all certified employees. Programs may also include classified staff and parent members of school councils and committees. Twenty-four (24) hours of professional development must be completed between June 1 and May 15 of the academic year.

The PD program for the District and each school shall be incorporated into the Comprehensive School/District Improvement Plan. Prior to the implementation of the program, the school PD plan shall be made public, and the District PD plan shall be posted to the District web site.

The program shall be based on a Boardapproved PD plan for the District, which is designed;

1. to help achieve student capacities established by KRS 158.645 and goals established by KRS 158.6451;
2. to support the District's mission, goals, and assessed needs; and
3. to increase teachers' understanding of curriculum content and methods of instruction appropriate for each content area based on individual school plans.

The PD plan shall reflect individual needs of schools and be aligned with the Comprehensive School/District Improvement Plan, ESSA requirements, and teacher growth plans.

ACTIVE SHOOTER SITUATIONS

By November 1, annually, a minimum of one (1) hour of training on how to respond to an active shooter situation shall be required for all District employees with job duties requiring direct contact with students. The training shall be provided either in person, by live streaming, or via a video recording prepared by the Kentucky Department of Education in collaboration with the Kentucky Law Enforcement Council and the Center for School Safety and may be included in the four (4) days of professional development under KRS 158.070. When a staff member subject to the training requirements of this subsection is initially hired after the training has been provided for the school year, the District shall provide materials on how to respond to an active shooter situation.

SCHOOL RESPONSIBILITIES

Each school shall plan professional development with the PD coordinator and, when appropriate, with other schools to maximize training opportunities.

Professional Development

DOCUMENTATION

The school/District PD plan shall include the method for evaluating impact on student learning and using evaluation results to improve professional learning.

Documentation of completed professional development, including a written evaluation, shall be required. Individuals are to sign the required documents relating to PD and file them in a timely fashion with their Principal, supervisor, or the professional development director, as appropriate. This includes the timely signing of payrolls that reflect the professional development days.

All out-of-district professional development activities require prior approval of both the immediate supervisor and director of professional development. All out-of-district professional development hours toward meeting annual requirements must be substantiated by documentation of attendance, content, and hours spent in actual professional learning.

Professional development hours shall not be granted for attendance at conferences occurring on a regular school day.

Hours of PD completed by the employee and not at the request of or with prior approval from the immediate supervisor and professional development coordinator shall not be credited toward fulfilling the required number of contract days for the employee, and the employee shall not be eligible for reimbursement of associated expenses.

Professional development credit shall be awarded in whole-day (6 hours) or half-day (3 hour) increments. A maximum of six (6) hours of professional development may be earned or awarded in a single day.

Failure to complete and document the required hours of professional development by May 15 of the academic year shall result in a reduction in salary and may be reflected in the employee's evaluation.

~~Professional development credit shall not be granted during regular teaching or school day hours, nor while performing duties which are required as part of the teaching assignment. Professional development credit shall not be granted on a regular school day with the exception of hours attended after regular school hours.~~

When the District declares a District-wide PD day, it is mandatory for all certified employees. No other PD activities/hours may be substituted. No personal leave or annual leave may be used on that day (emergency situations must be approved by the Superintendent).

Harassment/Discrimination

DEFINITION

Harassment/Discrimination of employees is unlawful behavior based on the race, color, national origin, age, religion, sex, genetic information, ~~or disability,~~ or limitations related to pregnancy, childbirth, or related medical conditions of an employee involving intimidation by threats of or actual physical violence; the creation, by whatever means, of a climate of hostility or intimidation, or the use of language, conduct, or symbols in such manner as to be commonly understood to convey hatred or prejudice.

PROHIBITIONS

Harassment/Discrimination is prohibited at all times on school property and off school grounds during school-sponsored activities. This prohibition also applies to visitors to the school who may come into contact with employees and students. (Acts of harassment/discrimination based on sex may be committed by persons of the same or the opposite sex.)

District staff shall provide for a prompt and equitable resolution of complaints concerning harassment/discrimination.

DISCIPLINARY ACTION

Persons engaging in discrimination or harassment of a student or employee in the Hardin County School System on the basis of any of the areas mentioned above shall be subject to disciplinary action including, but not limited to, termination of employment.

GUIDELINES

Employees who believe they or any other employee, student, or visitor is being or has been subjected to harassment/discrimination shall, as soon as reasonably practicable, report it. In each school building, the Principal is the person responsible for receiving reports of harassment/discrimination at the building level. Otherwise, reports of harassment/discrimination may be made directly to the Superintendent. If an employee is not assigned to a particular school, a report of harassment/discrimination may be made to the employee's immediate supervisor or to the Superintendent. Additionally, if sexual discrimination or harassment is being alleged, reports may be made directly to the Civil Rights Compliance Officer. Complaints of harassment/discrimination, whether verbal or written, shall lead to a documented investigation and a written report.

In applicable cases, employees must report harassment/discrimination to appropriate law enforcement authorities in accordance with law.¹

Harassment/Discrimination

GUIDELINES (CONTINUED)

The Superintendent shall provide for the following:

1. Investigation of allegations of harassment/discrimination to commence as soon as circumstances allow, but not later than three (3) working days of receipt of the original complaint, regardless of the manner in which the complaint is communicated to a District administrator. A written report of all findings of the investigation shall be completed within thirty (30) calendar days, unless additional time is necessary due to the matter being investigated by a law enforcement or governmental agency.

The Superintendent/designee may take interim measures to protect complainants during the investigation.

2. A process to identify and implement, within three (3) school days of the submission of the written investigative report, methods to correct and prevent reoccurrence of the harassment/discrimination. If corrective action is not required, an explanation shall be included in the report.
3. A process to be developed and implemented to communicate requirements of this policy to all staff, which may include, but not be limited to, the following:
 - written notice provided in publications such as handbooks, staff memoranda, and/or pamphlets;
 - postings in the same location as are documents that must be posted according to state/federal law; and/or
 - such other measures as determined by the Superintendent/designee.

Method(s) used shall provide a summary of this policy, along with information concerning how individuals can access the District's complete policy.

4. Annual training explaining prohibited behaviors and the necessity for prompt reporting of alleged harassment/discrimination; and
5. Development of alternate methods of filing complaints for individuals with disabilities and others who may need accommodation.

PROHIBITED CONDUCT

Depending on the circumstances and facts of the situation, and within the definition of harassment/discrimination contained in this policy, examples of conduct and/or actions that could be considered a violation of this policy include, but are not limited to:

1. Any nicknames, slurs, stories, jokes, written materials or pictures that are lewd, vulgar, or profane and relate to any of the protected categories listed in the definition of harassment/discrimination contained in this policy;
2. Unwanted touching, sexual advances, requests for sexual favors, and spreading sexual rumors;
3. Instances involving sexual violence;
4. Causing an employee to believe that he or she must submit to unwelcome sexual conduct in order to maintain employment or that a personnel decision will be based on whether or not the employee submits to unwelcome sexual conduct;
5. Implied or overt threats of physical violence or acts of aggression or assault based on any of the protected categories;

Harassment/Discrimination

PROHIBITED CONDUCT (CONTINUED)

6. Seeking to involve individuals with disabilities in antisocial, dangerous or criminal activity where they, because of disability, are unable to comprehend fully or consent to the activity; and
7. Destroying or damaging an individual's property based on any of the protected categories.

CONFIDENTIALITY

District employees involved in the investigation of complaints shall respect, as much as possible, the privacy and anonymity of all parties involved.

APPEAL

Upon the completion of the investigation and correction of the conditions leading to the harassment/discrimination, any party may appeal in writing any part of the findings and corrective actions to the Superintendent or Civil Rights Compliance Officer (HCS Harassment/Discrimination Complaint Procedure).

If a supervisory staff member is an alleged party in the harassment/discrimination complaint, provision shall be made for addressing the complaint to a higher level of authority.

Failure by employees to report, notify, and/or initiate an investigation of alleged harassment/discrimination as required by this policy or to take corrective action shall be cause for disciplinary action.

NONRETALIATION

No one shall retaliate against any person because s/he has submitted a grievance, assisted or participated in an investigation, proceeding, or hearing regarding the charge of harassment/discrimination of an individual or because s/he has opposed language or conduct that violates this policy.

Upon the resolution of allegations, the Superintendent shall take steps to protect employees and students against retaliation.

In keeping with statutory requirements, the District shall accept for credit toward graduation and completion of high school course requirements an advanced placement or a high school equivalent course taken by a student in grades 5, 6, 7, or 8 if that student attains performance levels expected of high school students in the District as determined by achieving a score of "3" or higher on a College Board Advanced Placement examination or a grade of "B" or better in a high school equivalent.²

The high school student handbook shall include complete details concerning specific graduation requirements.

Individual site-based councils, with Board approval, may determine additional graduation requirements.

Performance-based credit may be earned while the student is still "in school," but the instructional setting will look different from a traditional "seat time" environment.

1. Performance descriptors and their linkages to State content standards and academic standards expectations;
2. At the high school level, performance descriptors and evaluation procedures shall be established to determine if the content and performance standards have been met.
3. Assessments and the extent to which state-mandated assessments will be used;

The parent or guardian of a child of a military family shall provide proof of residence to the District within ten (10) days after the arrival date provided on official documentation. The parent or guardian may use, as proof of residence, the address of:

1. A temporary on-post billeting facility;
2. A purchased or leased home or apartment; or

Until actual attendance or enrollment in the District, the child of a military family shall not:

Kindergarten and first grade students from a household of an active duty service member moving into the District from an accredited school in another state shall be allowed to continue placement at their current grade level, regardless of age.

Decisions about placement of students from military families in educational programs shall be based on current educational assessments conducted at the sending school or participation/placement in like programs in the sending state. Such programs include, but are not limited to the following programs:

DEFINITIONS

"School safety" shall mean a program of prevention that protects students and staff from substance abuse, violence, bullying, theft, the sale or use of illegal substances, exposure to weapons and threats on school grounds, and injury from severe weather, fire, and natural disasters.

"School security" shall mean procedures followed and measures taken to ensure the security of school buildings, classrooms, and other school facilities and properties.

"Threat assessment team" and "team" shall mean a school safety and security threat assessment team established pursuant to this policy and a new section of KRS 158.

ESTABLISHMENT AND MEMBERSHIP OF TEAMS

A school safety and security threat assessment team shall be established at each school of the District. The members of the team at each school shall be designated by the District School Safety Coordinator, and shall consist of two (2) or more school staff members. School staff members that may be designated as a member of the team at any given school may include: school administrators; school counselors; school resource officers; school-based mental health services providers; teachers; and other school personnel. If necessary, a threat assessment team may serve more than one (1) school of the District.

PURPOSE OF TEAM

The purpose of a team shall be to identify and respond to students exhibiting behavior that indicates a potential threat to school safety or school security.

GENERAL COMPONENTS OF SCHOOL SAFETY AND SCHOOL SECURITY PLANNING

According to the U.S. Secret Service Guide, Enhancing School Safety Using a Threat Assessment Model: An Operational Guide for Preventing Targeted School Violence, key components of a comprehensive school safety and school security plan include efforts to:

1. Foster a climate of respect and trust;
2. Build relationships;
3. Promote communication;
4. Identify concerning behaviors;
5. Maintain a threat assessment team;
6. Reinforce clear policies and procedures;
7. Provide resources to appropriately respond to students;
- 8.

Threat Assessments

GENERAL COMPONENTS OF SCHOOL SAFETY AND SCHOOL SECURITY PLANNING (CONTINUED)

8. Promote information-sharing between the school District and appropriate community stakeholders as allowed by law;
9. Liaison with law enforcement; and
10. Provide consistent training to stakeholders.

GUIDING PRINCIPLES OF COMPREHENSIVE THREAT ASSESSMENT PLANNING

The District School Safety Coordinator, members of threat assessment teams, and other appropriate District administrators and staff, shall give appropriate consideration to the following non-exhaustive list of general principles as threat assessment teams are established and as they plan for and conduct their work:

1. A threat assessment process best functions as one component of overall school safety, in conjunction with physical school security and emergency management.
2. Students may engage in a continuum of concerning behaviors, the vast majority of which will be non-threatening and non-violent, but may still call for some type of response.
3. Students should feel empowered to communicate their own concerns to appropriate school staff without fear of reprisal. Incoming reports regarding concerning behavior or statements presenting a threat to school safety and school security should be given due consideration and assessed.
4. The goal of a threat assessment process is to identify, assess, and respond to potential threats to school safety and school security. The process begins with establishing a comprehensive plan for schools to:
 - a. Identify students or situations of concern;
 - b. Gather additional relevant information in a lawful manner;
 - c. Assess the student or situation risk, in context based on the totality of the information available; and
 - d. Identify and implement or recommend appropriate response strategies to address the concern.

THREAT ASSESSMENT TEAM MEMBER TRAINING

Training to members of threat assessment teams should be provided or arranged by the District regarding the purpose of the team, the guiding principles stated above, and the members' roles in enhancing school safety and school security through identifying and responding to students exhibiting behavior that indicates a potential threat to school safety or school security. Training shall address the following: strategies to properly respond to students who provide information about a threatening or concerning situation, ways to assess and respond to potential threats, and how and to whom they should report threatening communications or behavior.

Threat Assessments

THREAT ASSESSMENT TEAM MONITORING
