Dear Sabrina Oaks,

The Division of Building Code Enforcement has reviewed the plans submitted by your organization.

This letter is authorization to start or continue with the construction of the project as listed above and subject to any conditions listed below. Failure of this office to note all violations in the review of plans and specifications does not relieve contractors of the responsibility of complying with the applicable Codes and Regulations.

This authorization does not release the owner from complying with local planning and/or zoning requirements or the requirement to obtain a local building permit. Permits shall be obtained from the respective agencies prior to the installation of plumbing, mechanical, or electrical wiring.

Sincerely,

Katherine Evans, Plan Reviewer
