

Closing Gaps:
In the Classroom, Within a School,
Across a School System

Michele Caracappa
Chief Program Officer, New Leaders

Introduction

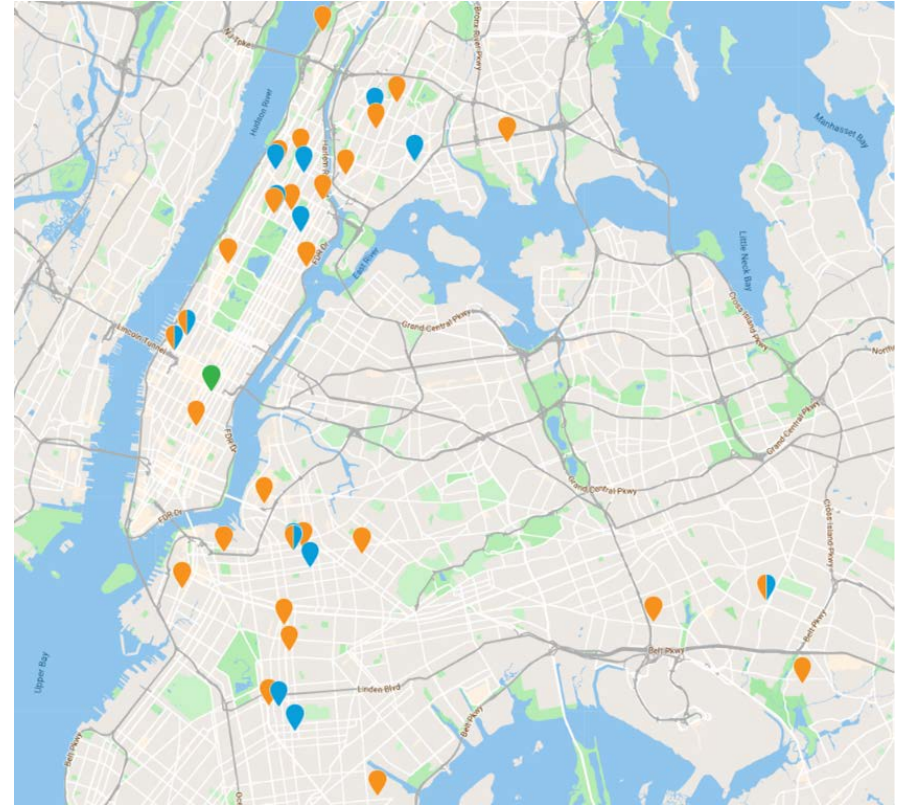

Success Academy Charter Schools

- Success Academy was founded in 2006 with the dual mission to build exceptional, world-class, public schools that prove children from all backgrounds can succeed in college and life, and advocate to change public policies that prevent so many children from having access to educational excellence and opportunity.

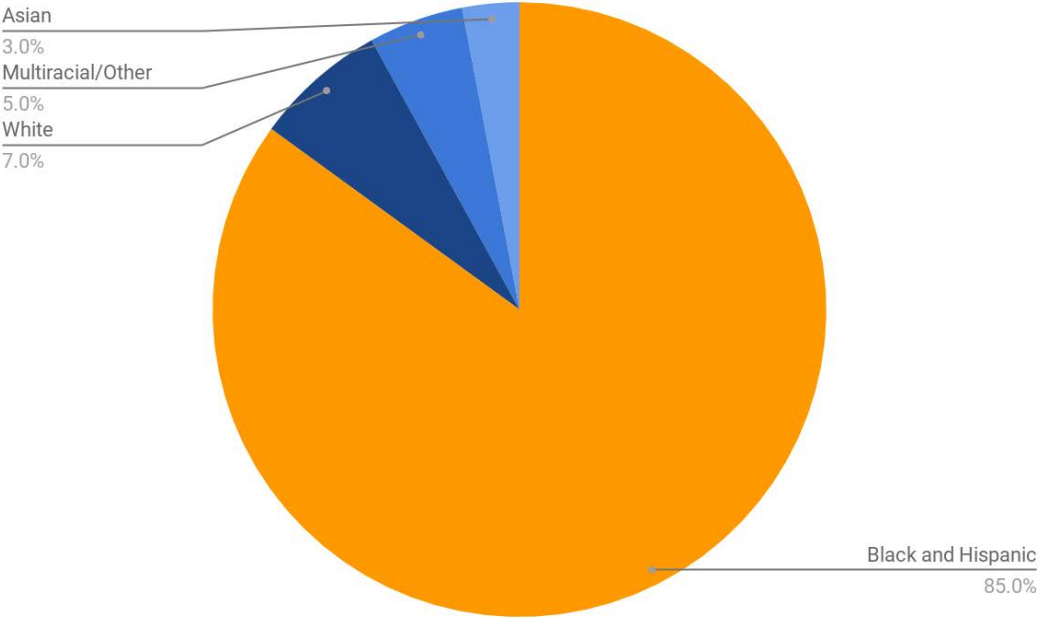

A Growing Network

- Since opening its first schools in 2006, the network has grown to 46 schools across four boroughs, with plans to expand to 100 schools.
- Currently, Success Academy serves 17,000 students in NYC.

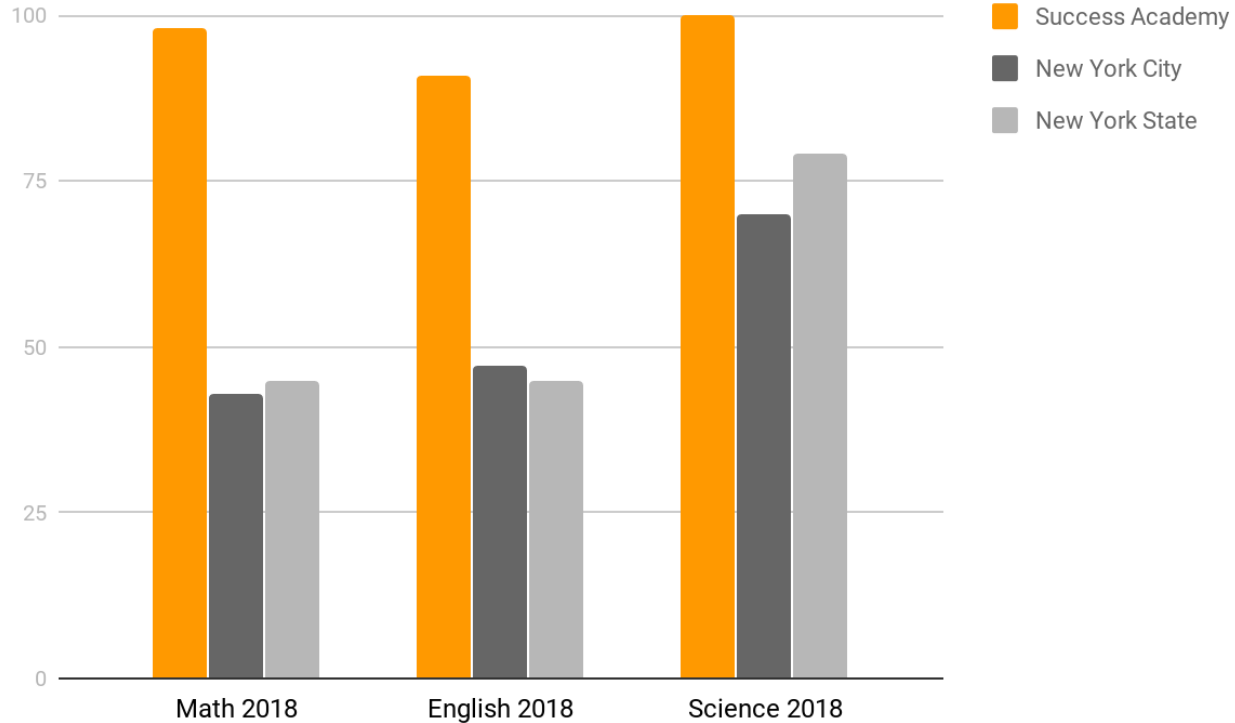

Success Academy Students

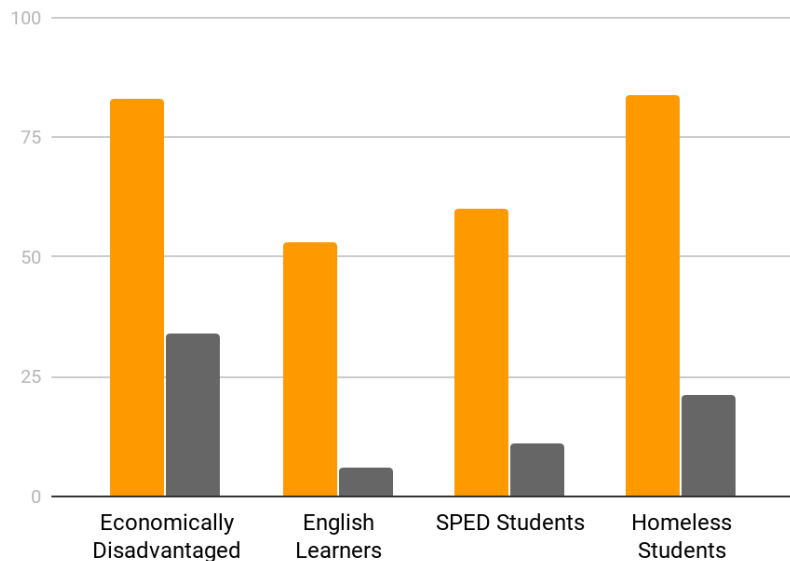

- 85% of students are Black or Latinx
- 74% of students are economically disadvantaged
