Subject: Personnel Request

Mr. Kenner,

Camille Dillingham and I have discussed anticipated special education numbers for South Todd Elementary School for the 2009-2010 school year based on the number of fifth grade students with disabilities transitioning to Todd County Middle School (6) and the number of students with disabilities transitioning to kindergarten from preschool (10). Some of the students transitioning from preschool have significant needs. To meet the needs of these students, I am requesting that South Todd's current part-time (4 hour) instructional assistant position be increased by 2 ½ hours to be a full-time position. This will allow two instructional assistants to be in the FMD classroom all day with our neediest students. Thank you for your consideration of my request.

Kim Justice
