**Consent Agenda Item (Action Item):** Consider purchasing MAP assessments for all students in Grades K-5 at all Floyd County Schools for the 2019-20 school year.

**Applicable Statute or Regulation:** Board Policy 01.11 General Powers and Duties of the Board

**Fiscal/Budgetary Impact:** Purchasing the MAP assessment program for all Floyd County students in Grades K-5 will cost \$32,812.50 (Quote Attached)

**History/Background:** MAP stands for Measures of Academic Progress and is a computerized assessment that provides administrators, teachers, students and parents with the information they need to improve teaching and learning. Utilizing data from the testing reports, administrators and teachers can make student-focused, data-driven decisions for individualized instruction. The Student Profile Report gives you a complete picture of the student's learning in one place, making it easier and faster to differentiate instruction and set goals for growth. It also assists in determining instructional areas and skills to focus on the continued growth. Class Level Reports gives you key information for instructional grouping by class, as well as helping you see students who aren't achieving or growing as quickly as others. School and District Reports provides a means to dive deeper into the district's academic performance which will be needed to make program and district-wide decisions. The data provided will assist schools and teachers greatly in providing on-time MTSS services. MAP Assessment will be given 3 X's yearly and results will be analyzed to inform instruction and programming for students. (See attached assessment plan)

**Recommended Action:** Approve the purchase of MAP assessment for all students in grades K-5 at all Floyd County Schools for the 2019-20 school year.
