Transportation Department would like to get the Boards approval for the use of a school bus. The Father Bradley Woman's shelter of Henderson will be departing on September 14th or September 21st 2019 for their trip to Holiday World. The Father Bradley Woman's Shelter will be responsible for all cost. Transportation can support this if approved by the Board. I have attached the request to this letter.

Respectfully Submitted:

Dear Mrs. Stanley,

I would like to thank you for your support of the Father Bradley Shelter for always working with us and helping the children getting enrolled in school and with items and costs to get them started. As a part of the Homeless Prevention Initiative, we provide temporary housing for women and children and make every effort to get mothers' and their children back into permanent stable housing with the help of providing structure and stability back in their life. We focus on some major issues that could possibly have affected their homelessness which includes struggling with substance abuse and or alcoholism, mental and or physical abusive relationships, or just down on their luck at the moment.

This year for the first time we have received a grant to provide a trip for mothers' and their children to have one day to forget their problems and to spend quality time together while having fun. We decided what better way than to spend it at Holiday World. We would greatly appreciate if you could possibly sponsor a bus for us in order to make this trip a success. We have around 15 residents and a few staff members that would be in attendance. We would also need to make this trip on a Saturday either September 14th or September 21st if that's attainable. We are hoping you will consider sponsoring a bus for us.

Thank you for your consideration of this request. You may contact me at (270) 830-8063 if you have any questions or concerns.

Cordially,

Anita Mindrup-Ivie, Director
