PERFORMANCE-BASED CREDITS

In addition to Carnegie units, students may earn credit toward high school graduation through the District's standards-based, performance-based credit system that complies with requirements of Kentucky Administrative Regulation. Procedures for developing and amending the system shall address the following:

1. Conditions under which high school credit will be granted under the system that allow students to demonstrate proficiency and earn credit for learning acquired outside the normal classroom setting, outside of school, or in prior learning;

Performance-based credit may be earned while the student is still "in school," but the instructional setting will look different from a traditional "seat time" environment.

2. Performance descriptors and their linkages to State content standards and academic standards;

At the high school level, performance descriptors and evaluation procedures shall be established to determine if the content and performance standards have been met.

3. Assessments and the extent to which state-mandated assessments will be used;
4. An objective grading and reporting process; and
5. Criteria to promote and support school and community learning experiences, such as internships and cooperative learning, in support of a student's ILP. Such experiences shall be supervised by qualified instructors and aligned with State and District content and performance standards.

Credit requirements for grade placement for schools operating under a seven-period day are Sophomores (5), Juniors (11), and Seniors (17).

Inclusive of all settings, the student may earn no more than ten (10) academic credits for a seven-period day schedule. Students with extenuating circumstances may request a waiver of this limitation through a letter to the Principal that is submitted to the Superintendent/designee for approval prior to enrolling in the additional courses.

OTHER PROVISIONS

The Board may authorize different diploma programs. The Board, Superintendent, Principal or teacher may award special recognition to students. In addition, the Board may award a diploma to a student posthumously indicating graduation with the class with which the student was expected to graduate.

Consistent with the District's graduation practices for all students, an alternative high school diploma shall be awarded to students with disabilities in compliance with applicable legal requirements. In addition, former students may submit to the Superintendent a request that the District provide them with an alternative high school diploma to replace the certificate of attainment they received at time of graduation from the District.³

A student who is at least seventeen (17) years of age and who is a state agency child, as defined in KRS 158.135, shall be eligible to seek attainment of a High School Equivalency Diploma.

Graduation Requirements**OTHER PROVISIONS (CONTINUED)**

The District shall report individual student data regarding the completion of each graduation qualifier and each graduation prerequisite to the Kentucky Department of Education.

The Board may substitute an integrated, applied, interdisciplinary, occupational, technical, or higher-level course for a required course if the alternative course provides rigorous content.

EARLY GRADUATION CERTIFICATE

Students who meet all applicable legal requirements shall be eligible for early graduation in relation to receipt of a graduation diploma and an Early Graduation Certificate. Students wishing to follow an early graduation pathway shall notify the Principal of their intent prior to the beginning of grade nine (9) or as soon thereafter as the intent is known, but within the first thirty (30) school days of the academic year in which they wish to graduate. A Letter of Intent to Apply shall be entered into the student information system by October 1 of the year the student declares intent to graduate early.⁴

Students working toward receipt of an Early Graduation Certificate shall be supported by development and monitoring of an ILP to support their efforts.

To graduate early and earn an Early Graduation Certificate, a student shall:

1. Score proficient or higher on the state-required assessments; and
2. Meet the college readiness exam benchmarks established 13 KAR 2:020 for placement in credit-bearing courses without the need for remediation.

A student who has indicated an intent to graduate early may participate in the student's state administration of the college readiness exam prior to the junior year, if needed. Students who meet all applicable legal requirements shall be awarded a diploma and an Early Graduation Certificate.

DIPLOMAS FOR VETERANS

In keeping with statute and regulation, the Board shall award an authentic high school diploma to an honorable discharged veteran who did not complete high school prior to being inducted into the United States Armed Forces during World War II, the Korean conflict, or the Vietnam War.

The Principal will determine in advance of commencement exercises whether the student has satisfied these conditions.

Graduation Requirements**ADVANCED PLACEMENT (AP) REQUIREMENT**

Each high school will offer AP classes. The school councils will determine the AP course offerings. Students are encouraged to take the College Board's AP exam. Students must take the corresponding AP exam for a grade calculated on a five (5.0) weighted scale. The student is responsible for the cost of the AP exam, however, if the said student scores 3 or higher on the AP exam, the District will reimburse the student for the cost of the exam. An application process will be available to assist students with financial hardships. The AP teacher, counselor, Principal and Superintendent /designee will determine qualified applicants.

A passing grade shall earn the student credit for fulfilling the graduation requirement of completing a specific course. The earned grade shall not be transferred to the high school to be included in the calculation of the student's high school grade point average (GPA).

Middle school students shall be eligible to receive high school credit for high school courses in accordance with the following criteria:

- The middle school courses are taught by a teacher with either secondary or middle school certification in the content area.
- The middle school student shall take the same mid-term and common final as the high school student.
