

NKY NaviGo College and Career Network
Report to Amy Razor
Date of report 11/8/2019
From Dave Fleischer- NaviGo

Highlights, October 2019

Lorraine O'Moore has accepted the position of Project Manager for the College and Career Network and will start 11/1/19. Lorraine will serve as the regional lead to help continue to create the Network.

General Roles for the CCN Project manager are:

- Work with NaviGo and NKCES staff to create a Pipeline to College and Careers Program Profile.
- Coordinating the development of strong working partnerships, between local high schools and local businesses, that are conducive to students becoming college and career ready, and following a definitive career pathway that will lead to self-sufficiency.
- Bring together NKCES school districts, businesses, higher education institutions and relevant community partners/agencies to evaluate school opportunities and workforce needs.
- Developing a database that will be accessible to employers, schools, students, and local agencies, and will house relevant information such as job openings, training opportunities, internship/co-op opportunities, etc.

CCN Support Organization

See attached Org Chart

Note: Lorraine will support the CCN role ~65% of time. Dave will support CCN needs ~25% of time. Helen will support all meeting preparations and deliver content within the meetings.

Healthcare Career Network

Next series of meetings to be scheduled in December

1. Health Collaborative - 2019 recap and 2020 planning session
2. Next focus sector planning meeting w/Education partners
(Confirming with NKCES/Grow Pillar for suggestions)

Employer Involvement Guide

- Finalizing discussions with Red-Hawk (vendor for platform creation)
- **Background-** NaviGo has been having discussions regarding this application need since 7/2018 with Chamber and Grow NKY pillars. Based on new input from Grow NKY pillars and continued delays, NaviGo will move forward with a tool that meets the CCN requirement but has potential adaptability after Grow NKY confirms final direction. A final implementation schedule is expected by November end and the platform should be ready for testing through December into January 2020.

Pipeline to College and Career Profiles:

- Schools spreadsheet development continuing
- Business spreadsheet development continuing
(will refresh this data to load with potential dB platforms when they are approved)

Output of career opportunities (Industry -Who-Openings-How many) planned for December/January

Manufacturing Month (October) results

Manufacturing month kicked off on 10/4 and was extended in November. NKY schools accounted for 736 attendees. The overall attendees regionally (Greater Cincinnati, Nky, and S.Ind) ended up over 5000 students.

Company Name	Schools requested.
Armor USA	Connor HS
Balluff	Had 20 RSVPs from Homeschools...would of liked others schools to sign up.
Excel US/Diversified Structural Composites	Erlanger
Gateway Community & Tech School	Arranged a multiple School event
Krauss Maffie	No school match. Only had one register on line. Withdrew. Now with Boone Co!
Mazak	Navigo placed Highlands and Lloyd. Highlands did not reply and Lloyd sent 6-8. They called their own schools and have 350 attending.
Mubea	RA Jones confirmed with Erlanger
Nucor Galliton	Arranged by Heather Yocum at JCTCS
North American Stainless	Arranged by Heather Yocum at JCTCS
Regal	Bracken Co Schools
Safran Landing Systems	Walton Verona
SkilCraft	Boone Co ATC
Steinhauser Inc.	Newport HS was scheduled but did not show up. Interested in River City Schools. Also reached out to Campbell Co Schools. Now matched with Bracken Co Schools and Campbell Co Schools
