Coach Smith:

We would like to propose a Booster Paid Position for a Basketball Strength & Conditioning Coach. This individual will be available to help both Boys & Girls Basketball programs with their strength and conditioning workouts/regiments. The Boys & Girls Booster Clubs will work out the payment to be made to the school and then the school would in turn pay the individual a total of \$1,250.00.

We would also like to propose a Booster Paid Position for a Basketball Support Staff (statistician, bookkeeper, etc.). This individual will be available to help both the Boys & Girls Basketball programs with keeping their stats during practices, games, etc. and will help analyze data received from Hudl/Krossover and any other statistics provided. They will also help input necessary information into the KHSAA website. The Boys & Girls Booster Clubs will work out the payment to be made to the school and then school would in turn pay the individual a total of \$250.00

****Both positions would be for the OVERALL basketball program. Both teams would have access to individuals being paid and would have their choice to use their services. This should allow us to maintain our Title IX equality by splitting the service amongst both teams if desired by the Head Coach.**

Thank you and please let me know if you have any further questions.
