**Ms. Cindy Hayes  
Spencer County School District  
207 West Main Street  
Taylorsville, Kentucky 40071**

**Dear Cindy,**

**Thank you for your interest in purchasing a Zoll AED Plus defibrillator. I applaud your effort to maintain your facility as "cardiac safe". I particularly like this unit because of many unique features:**

- ◆ **one-piece, pre-connected electrode/pad system**
  - **eliminates placement confusion**
  - **has five(5) year installed life as compared to two (2) year for all other manufacturers**
  - **helps the rescuer perform CPR with a sensor that tracks the rescuer's compression depth and rate**
- ◆ **uses inexpensive consumer lithium batteries**
  - **five (5) year shelf life**
- ◆ **a graphic/voice user interface that helps the rescuer through each important step**
- ◆ **price friendly**
- ◆ **seven year warranty**

**I have attached a quotation for your review. Please feel free to call should you have additional questions.**

**Laura Randall
