

December Live RED Report

District News

Live RED Staff Award

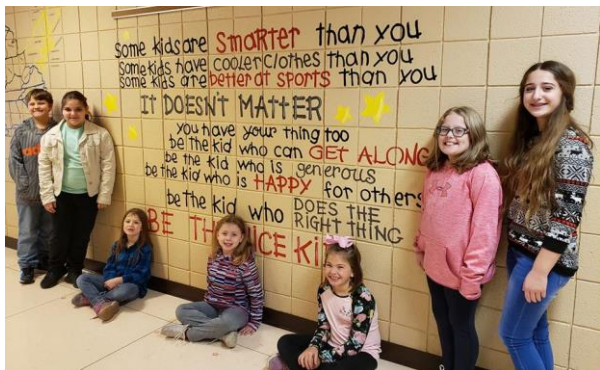

Congratulations to Ms. Wilma Vick for being the Live RED recipients for the month of December. Her nomination reads: Ms. Vick is a true example of Living Red. Ms. Vick has one of the hardest jobs in the school setting, yet takes the challenge like a champ. She cares for her students and they know it. She takes time with them and treats them like individuals who have a future rather than failures due to their situations.

Ms. Vick does not stop when the school day has ended. She stays after school to tutor those students who are struggling. She is always the first to volunteer to help with extracurricular events. She has been to just about every ballgame. She even out did the administration staying up for project graduation. We are so blessed to have Ms. Vick as part of our team at LCHS.

Family First & Cardinal Connection

Family First and Cardinal Connection have teamed up this month to bring many smiles to our families. Happy Feet and Shoe Sensation were able to give approximately 200 students a new pair of tennis shoes. Currently, we are working on sorting Christmas gifts for over 150 children in Livingston County. Only because of the amazing generosity of this community are either of these programs possible. Thank you to all who have given their time, toys, and monetary donations! Distribution for Christmas for Kids is December 18-19 from 9:00-2:00.
