**Describe the purpose/intent of the grant. Include the grant funding source. How long will the grant be in force?**

Applying to Rotary/Rotaract for funds (\$6000) to remodel with furniture and rugs and electronics an open area called "Hawk's Nest" for better utilization. Currently it is space people pass through. With new furnishings, it would be additional class space for classes to use on a temporary basis, a communications venue to run announcements and data across screens visible to visitors and parents, and additional parent meeting space for various parent activities.

**Describe the components/work/salary/materials the grant will pay for. What is the time frame of the grant? Be specific.**

Over the spring break or summer break (depending upon timing of funding) new furnishings and rugs would be purchased and arranged to make this area serve the functions explained above in time to use next school year.

**What components/work/salary/materials will the grant not pay for that will be necessary for the district to incur? Be specific.**

There will not be any district funding required for this project. School and maintenance staff time will be only components utilized.

**How will the grant be sustained? List potential ideas for the sustainability of the grant initiatives.**

This is a one-time grant source.
