

A Note From Superintendent Davis....

I hope everyone enjoyed their holiday break and is ready to make 2020 a great year!

We have a lot of exciting new changes coming up in 2020. We are moving to an e-registration system for our students, so be on the lookout for dates and times to complete the new registration.

We've changed our calendar format in an effort to better communicate with our parents, guardians and the community. Students will receive a bimonthly calendar with important information on assemblies, meetings and schedules. We will also have this information available on our web site and for digital download. Students do better when their parents/guardians are involved and the first step is getting the information into your hands.

If you haven't "liked" the Facebook page your child's campus or the school district, please take a few minutes to do so. We will also be posting announcements and last minute updates to these pages, along with the achievements and fun our students are having in the classroom. Our students are doing great things everyday and we want our parents, guardians and community to get a glimpse of just how amazing our students and teachers are.

We are diligently working toward meeting all the goals for Senate Bill 1 known as the School Safety and Resiliency Act. This legislation set goals for schools to be more proactive in the mental health and safety of its students in hopes to prevent tragedies instead of reacting after something has happened. Some of the goals include hiring more resource officers, counselors and mental health workers and providing more training for staff and teachers on suicide prevention. As more and more school incidents take place in our own state and across the country, we want to make sure our students have all the resources they need to cope with the stress that may trigger harmful events. We also want our teachers better trained so our students can receive the help they need.

I am sure you will find your calendar useful and invite you to be a part of all the activities going on in the district. Go Titans!

Sincerely,

Dennis Davis
Superintendent, Mercer County Schools
