

LES Board Report

January 2020

- Mrs. Berringer will be sharing some important primary reading RTI work and data at this board meeting. This presentation will outline and showcase the new work that we are doing with our students who are struggling in reading.
- All students in grades kindergarten through sixth grade are working on their winter MAP benchmarking tests. The students are challenged to meet their individual MAP goals and all students are working hard to do their best on these tests. Teachers and administrators will use this MAP data along with our Winter CASE assessment data to help determine individual student needs and to enhance our instructional practices.
- We held our 2nd Quarter Recognition Assemblies on Friday, January 10th. During our primary and intermediate assemblies, students were recognized in a multitude of different areas for their hard work: perfect attendance, sight word mastery (primary), meeting AR goals, Math Facts goals, and honor roll (intermediate) are just a few. We are very proud of our students' great accomplishments.
- We are very grateful to the Scripps Howard Company, WCPO 9 on Your Side, and the Scripps Howard Foundation for their very generous gift of a School-wide Scholastic Book Fair. The Book Fair which was held January 15th and January 16th was kicked off with a school-wide assembly and resulted with EACH student preschool through sixth grade getting to select FOUR beautiful, brand new books. The volunteers, donors, and Lincoln staff were in awe with the students' heartfelt excitement and gratitude during the two days!
- Our students in all grades continue to have the opportunity for off-campus learning with many recent and upcoming field trips. These opportunities include the Newport Aquarium, the Cincinnati Zoo, the Cincinnati Museum Center, the Taft Theatre, Sunrock Farm, State capital visit to Frankfort, etc.
- Our intermediate students have participated in their classroom spelling bees with winners being determined this past week. We look forward to our upcoming school-wide spelling bee to be held on Friday, January 31st. The winner of our school's spelling bee will advance to participate in the WCPO Scripps Howard Spelling Bee in March.
- Our fifth grade students are getting excited about their upcoming field trip to Camp Joy. Due to generous donations and a multitude of fundraising, the cost of each student is down to \$100 for the trip. The original price was \$217. We look forward to sharing the highlights of the trip at an upcoming board meeting.
