The following policy is developed to broadly comply with this portion of SB1, but it is not intended to be exclusive or set forth "all encompassing" standards, rules, or the chain of command for SROs. Districts should consult with counsel and law enforcement authorities regarding alternative or additional policy and procedure language, job descriptions, and rules covering SROs to reflect the District's SRO program. ADDITIONALLY, SCHOOL RESOURCE OFFICERS (SROs) MUST COMPLETE FORTY (40) HOURS OF ANNUAL IN-SERVICE TRAINING.

FINANCIAL IMPLICATIONS: Cost of salary, benefits and insurance; daily compensation while SRO attends training; equipment, liability insurance, record keeping

School ~~Safety Resource~~ Officers (~~SSOs~~SROs)

DEFINITION

- (1) "School resource officer" or "SRO", as defined in KRS 158.441, means an officer who has specialized training to work with youth at a school site and is:
- (a)
 1. A sworn law enforcement officer; or
 2. A special law enforcement officer appointed pursuant to KRS 61.902; and
 - (b) Employed:
 1. Through a contract between a local law enforcement agency and a school district;
 2. Through a contract as secondary employment for an officer, as defined in KRS 16.010, between the Department of Kentucky State Police and a school district; or
 3. Directly by a local Board of Education.¹
- (2) "School safety officer" or "SSO" means school resource officer who is employed directly by the District.

PURPOSE AND GOAL

The purpose of the ~~SSO SRO~~ program is to: promote and foster a safe environment in schools, at school-sponsored events, and on school transportation; provide a law enforcement presence on school property and at school-sponsored events; enhance educational programs relating to safety and positive behaviors; ~~build positive relationships with students to support academic success and personal growth~~; and provide a liaison to community and law enforcement agencies.

The goal of SSO program is to promote safer schools and safer students by employing law enforcement officers with high levels of specialized school-specific and student-focused training to work proactively with others in the school community to create a more safe and supportive learning environment. The District SSO program shall be based on the nationally-recognized "triad" concept of school-based policing, which divides the SSO's responsibilities into three areas: Educator, Informal Counselor, and Law Enforcement Officer. SSOs shall be trained to educate, counsel, and protect their school communities, working in close collaboration with educators, students, parents, law enforcement agencies, and the community. SSO's shall work to foster positive relationships with students, and work as a team with administrators and teachers to develop strategies to resolve problems affecting children and youth, with the objective of protecting and supporting every child so they can reach their fullest potential.

The SSO program is one component of a broader effort within schools and central office to ensure a safe learning environment for students, staff and community. Schools are safer when:

- Students are actively engaged in authentic learning that matters to their sense of self and personal development;
- A school's culture and climate fosters and sustains attitudes, beliefs, values and practices that focus on success for all students;
- School administrators, teachers, and staff work intentionally to create racial equity in access, resources, staffing, and curriculum for all students;
- A comprehensive system of supports is in place to address student mental health, social, and emotional needs, and improve student behavior; and
- Appropriately trained and equipped law enforcement professionals – SSOs – promote and foster a safe environment for students, faculty, staff, and the school community.

The purpose of the program is not to enforce or administer matters of school discipline and student conduct which are the responsibility of other District or school personnel.

ROLES AND EXPECTATIONS

- An ~~SSO SRO~~ will have such training, certification, and commission as is required by provisions of KRS Chapters 15, 61, and 158.
- In addition to requirements established under state law for SROs, an SSO shall meet all additional training and other requirements established by the District in the SSO job description and in procedures to implement this policy.
- Per KRS ~~158.4414158~~ (NEW), an ~~SSO SRO~~ who fails to successfully and timely complete SRO training requirements shall lose ~~their his/her~~ SRO certification and shall no longer work in a school. An SSO who fails to meet other requirements established by the District shall be subject to the provisions of the policies and procedures governing employee discipline.

- As authorized under the Family Educational Rights and Privacy Act (“FERPA”), ~~SSOs within the Department of School Safety, as well as officers within the Department of Security and Investigations, SROs~~ are designated as the District's “law enforcement unit” under the Chief Operations Officer possessing the law enforcement authority and exercising safety and security functions described in state law and referenced above. Records created and maintained by an ~~SSO SRO~~ for a law enforcement purpose do not constitute education records under FERPA.³ District staff other than law enforcement personnel are not responsible for the creation of law enforcement records and are expected to observe restrictions on access to such records. An ~~SSO SRO~~ is expected to provide guidance and insight to District officials and staff on such restrictions.

NATURE OF EMPLOYMENT

An ~~SSO SRO who is directly employed by the District~~ is a classified employee. An ~~SSO SRO~~ is therefore generally covered by District classified employee policies, including, but not limited to, policies regarding terms and conditions of employment; fringe benefits; employee discipline; and reductions in force.⁴ However, as applied to an ~~SSO-SRO~~, such general District classified employee policies may be subject to the terms of his/her contract with the District; his/her job description; and his/her authority to carry out certain law enforcement functions as permitted by law, including, but not limited to, statutory provisions permitting officers to carry and use weapons.⁵
