

# STATUS OF THE SCHOOL MEALS PROGRAM

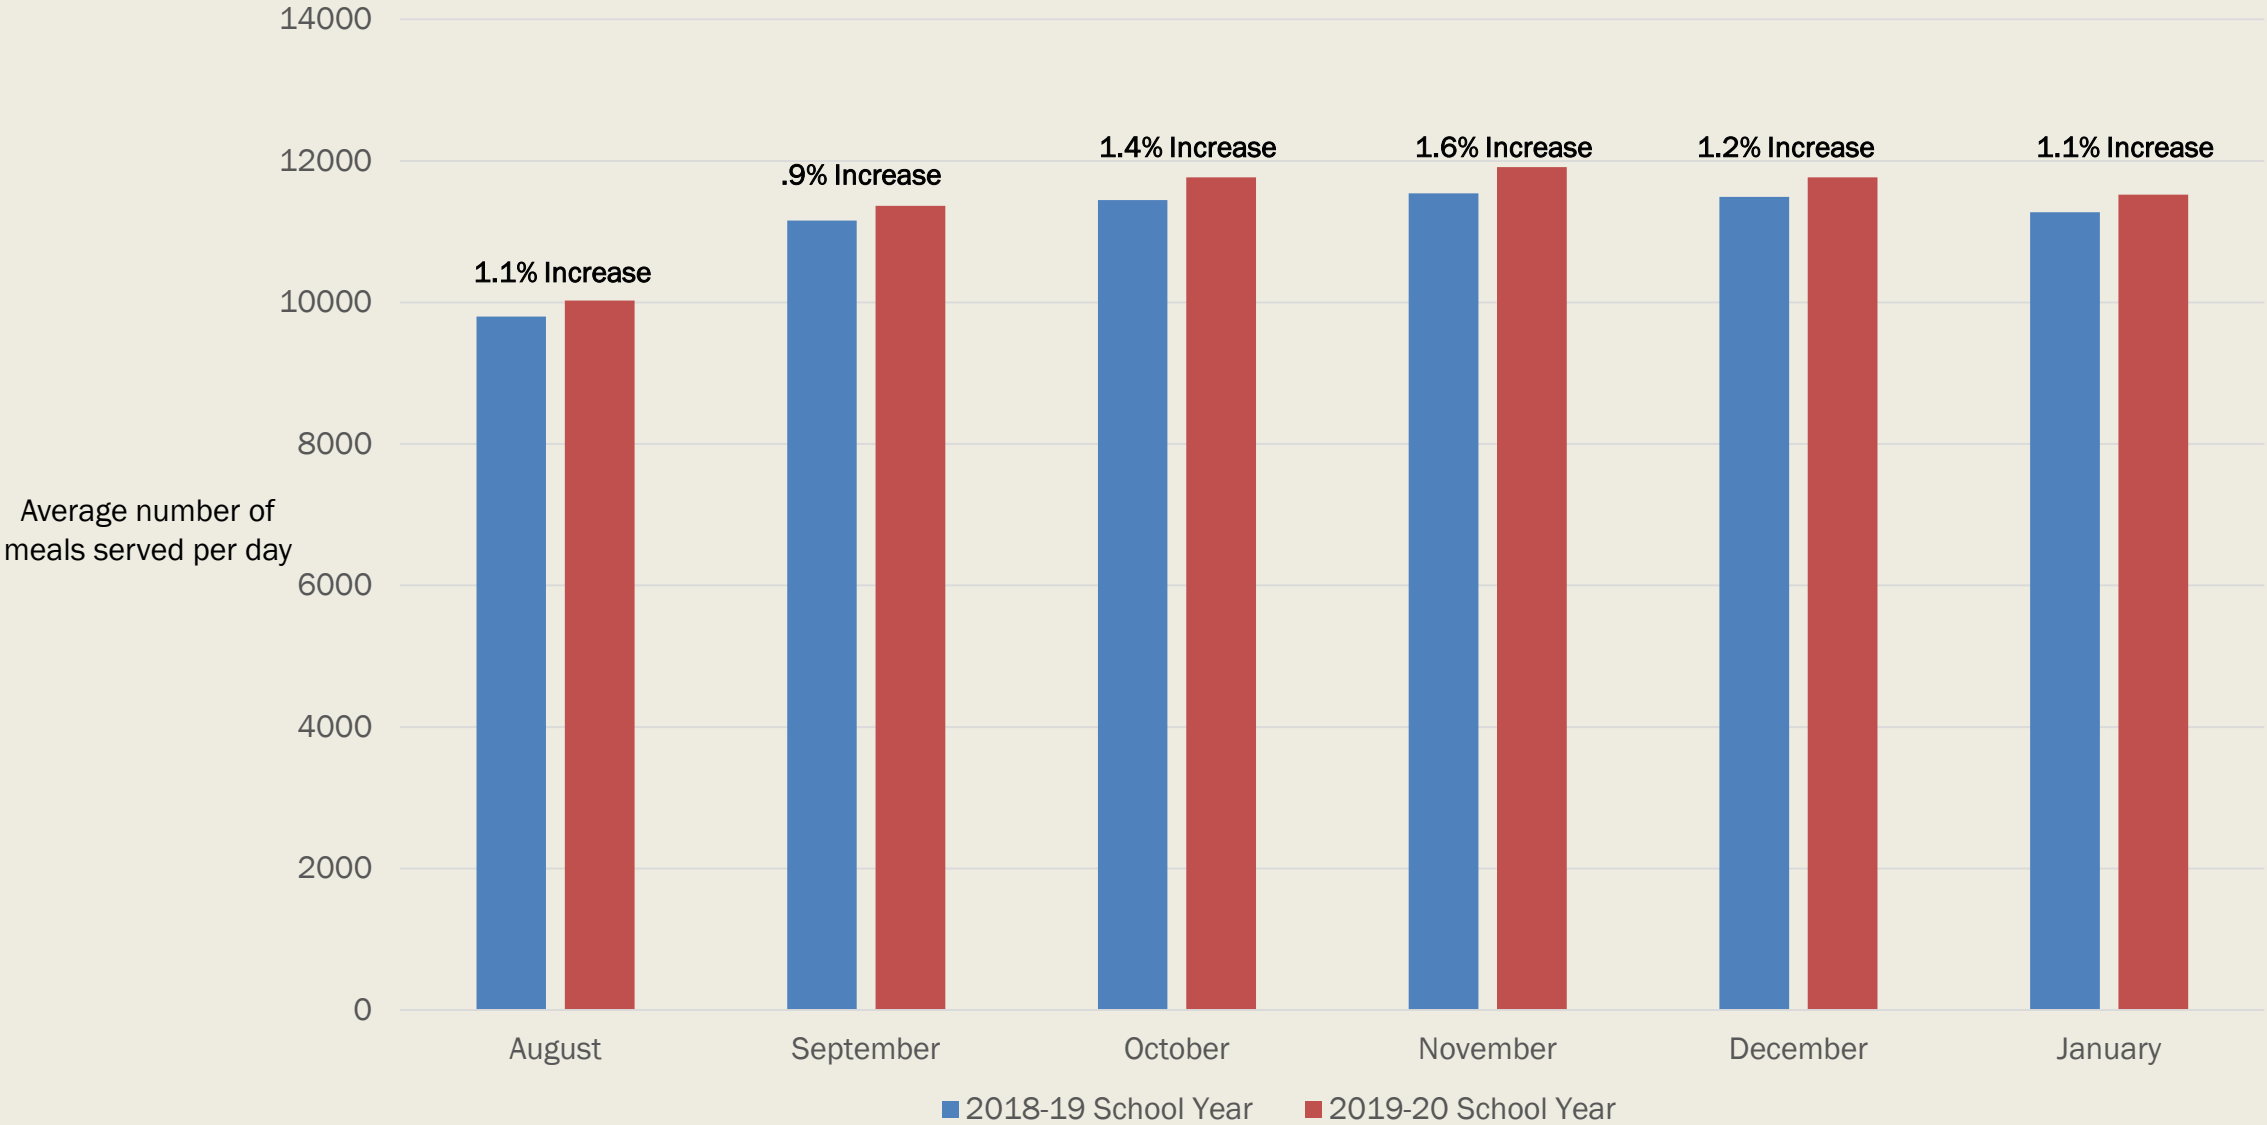

## Average Daily Participation

Average number of meals (breakfast and lunch) served per day

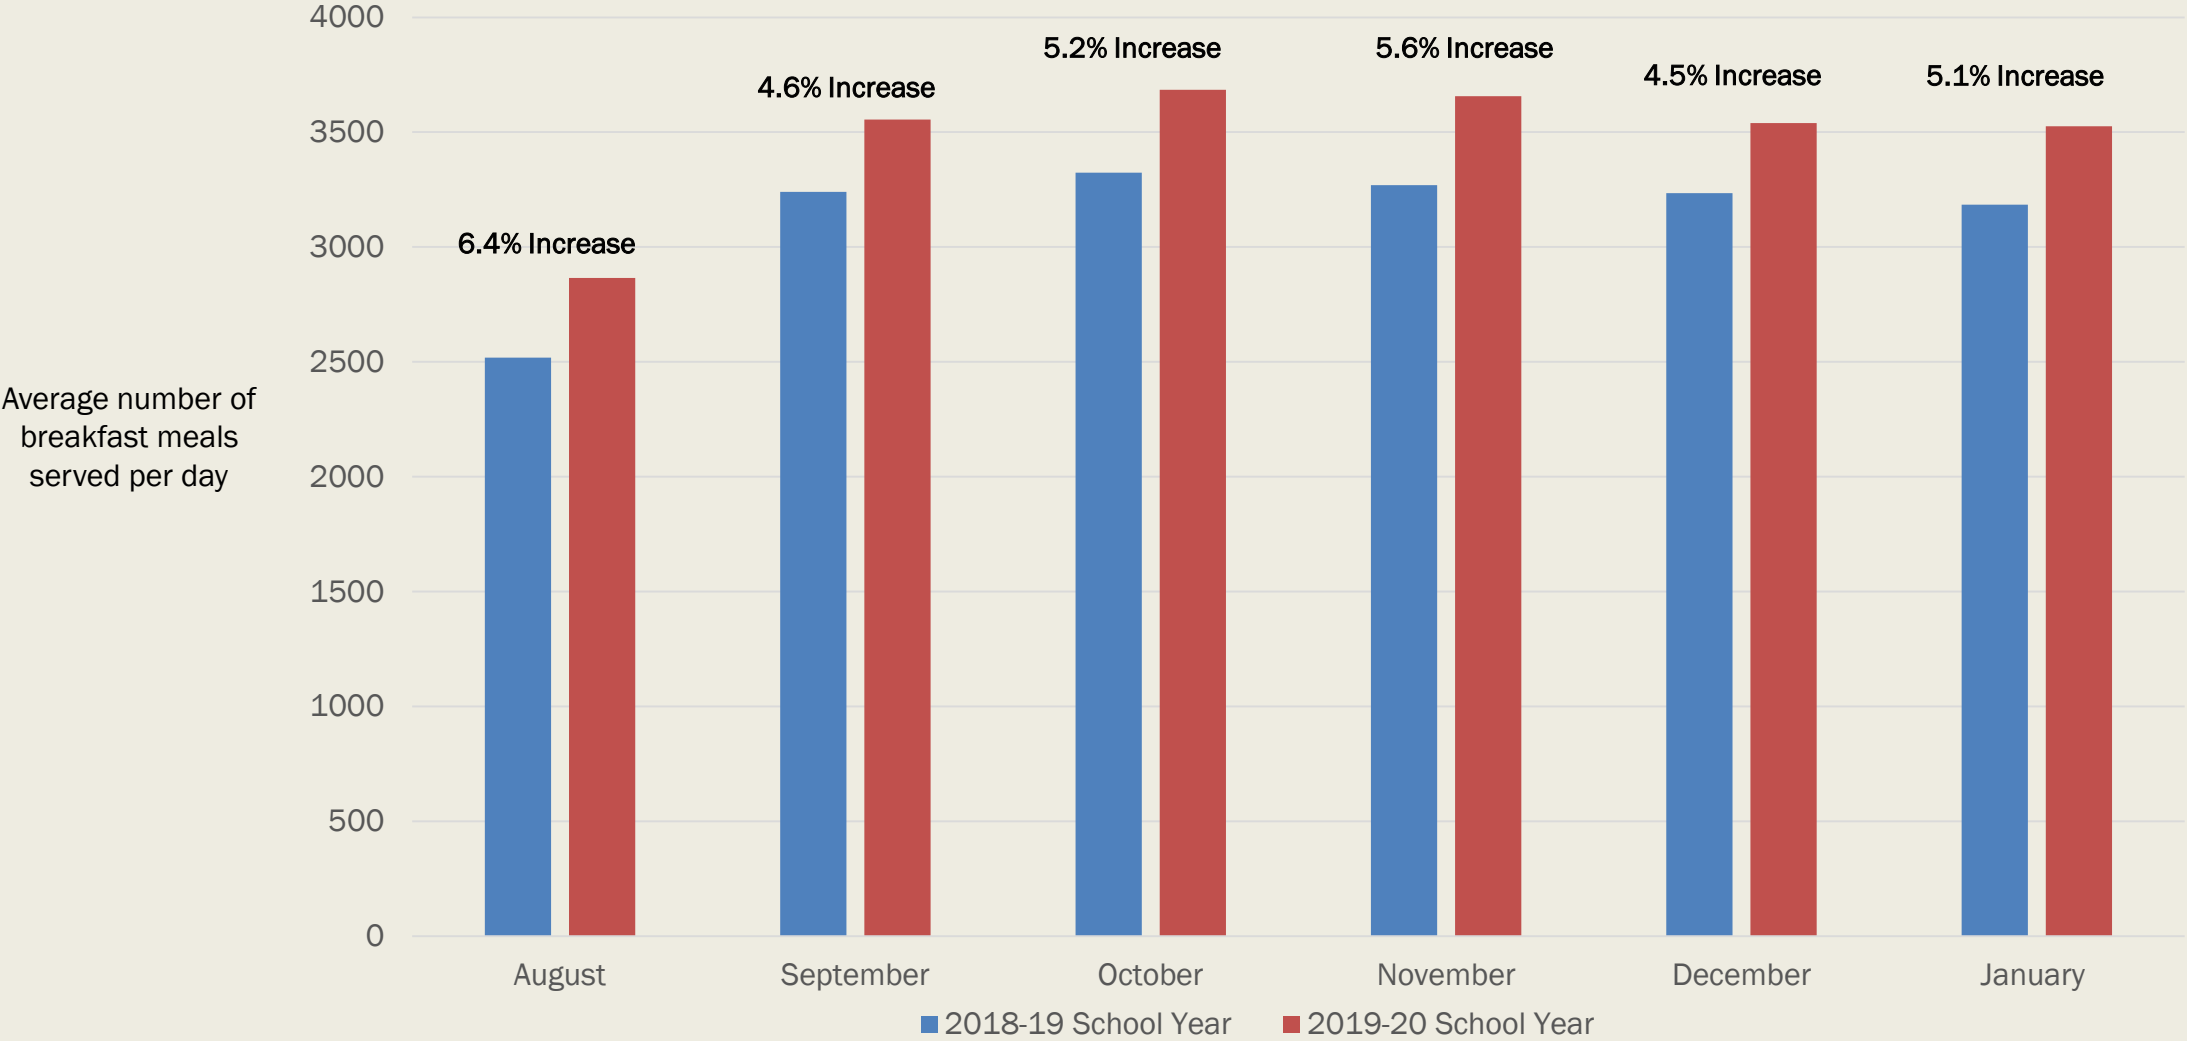

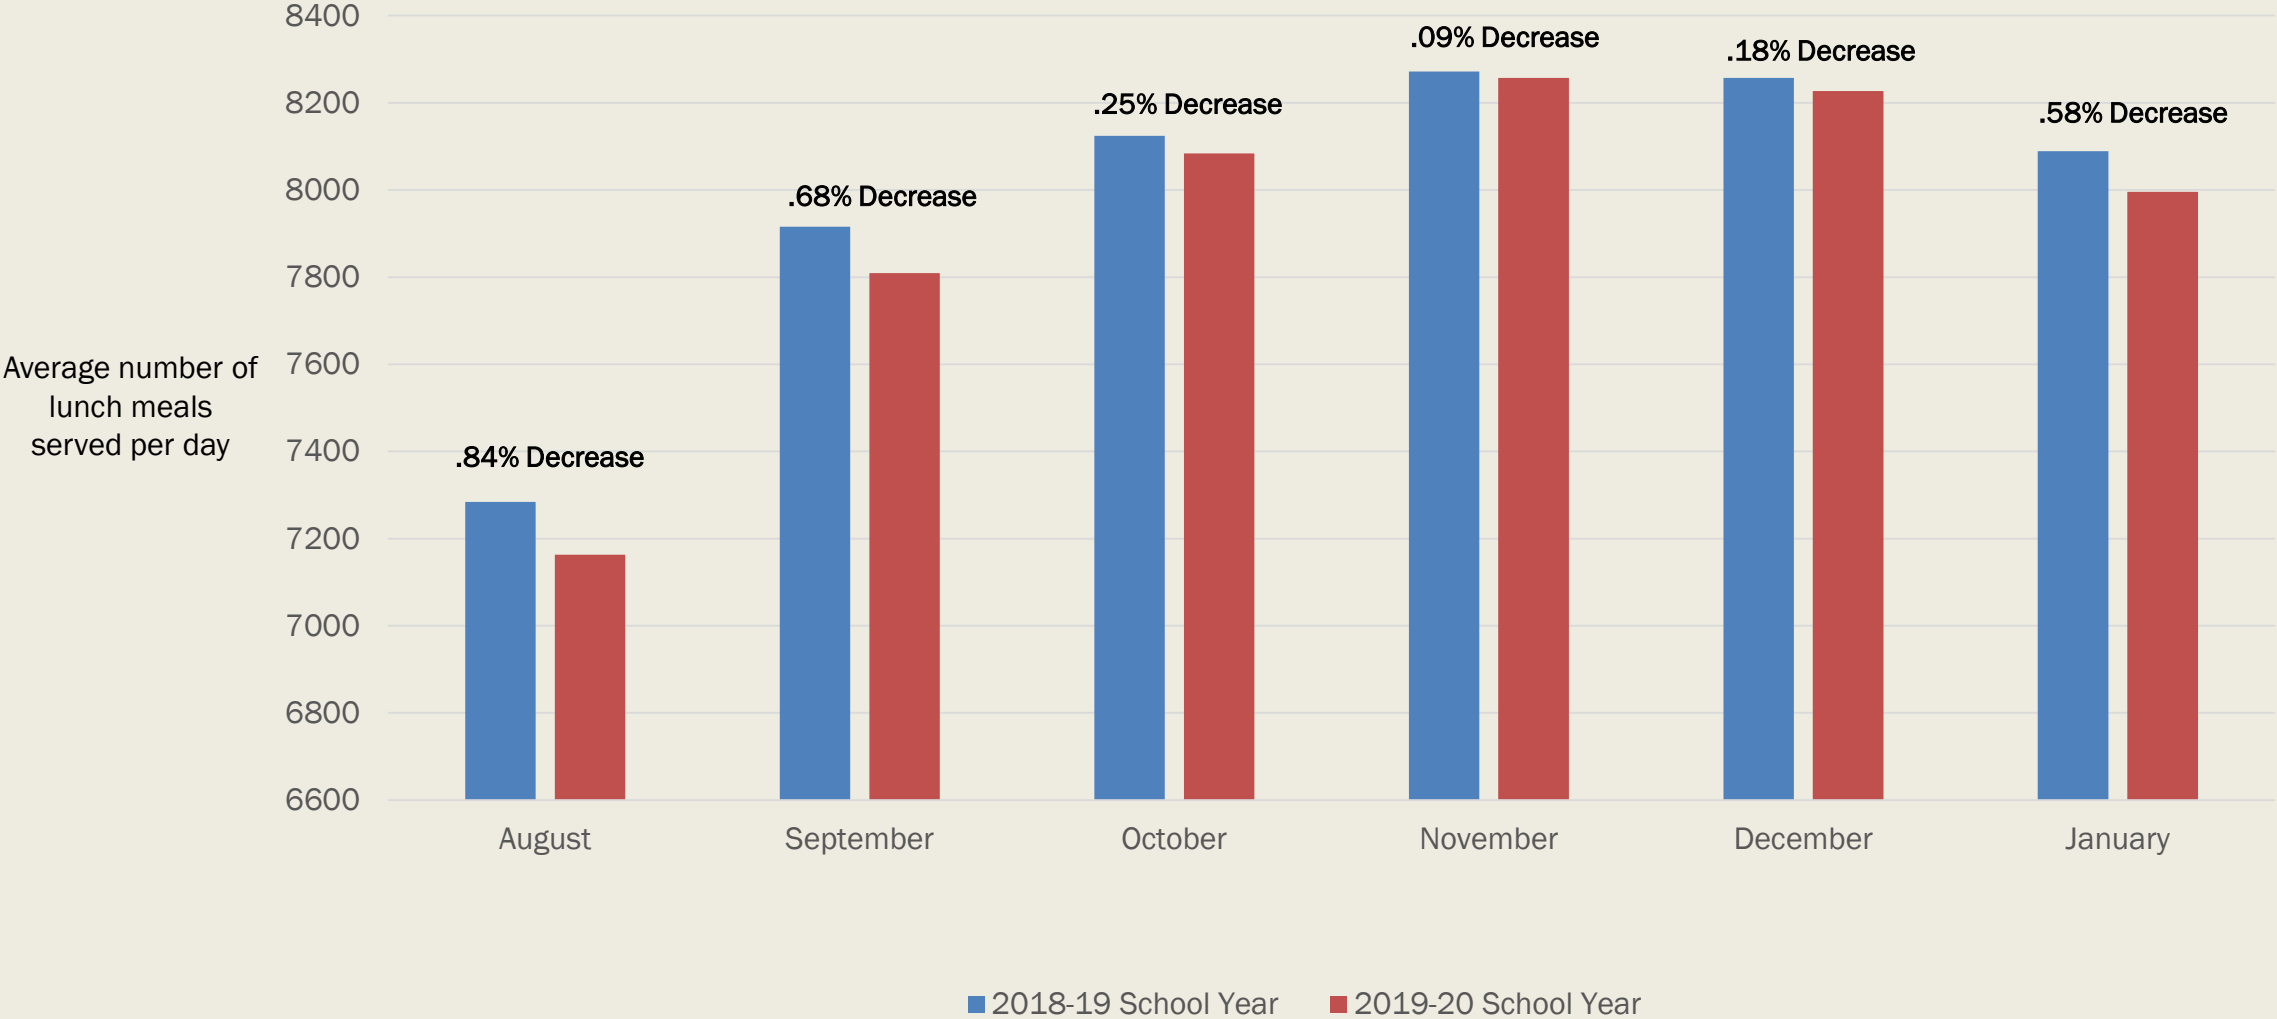

# Breakfast & Lunch Daily Participation

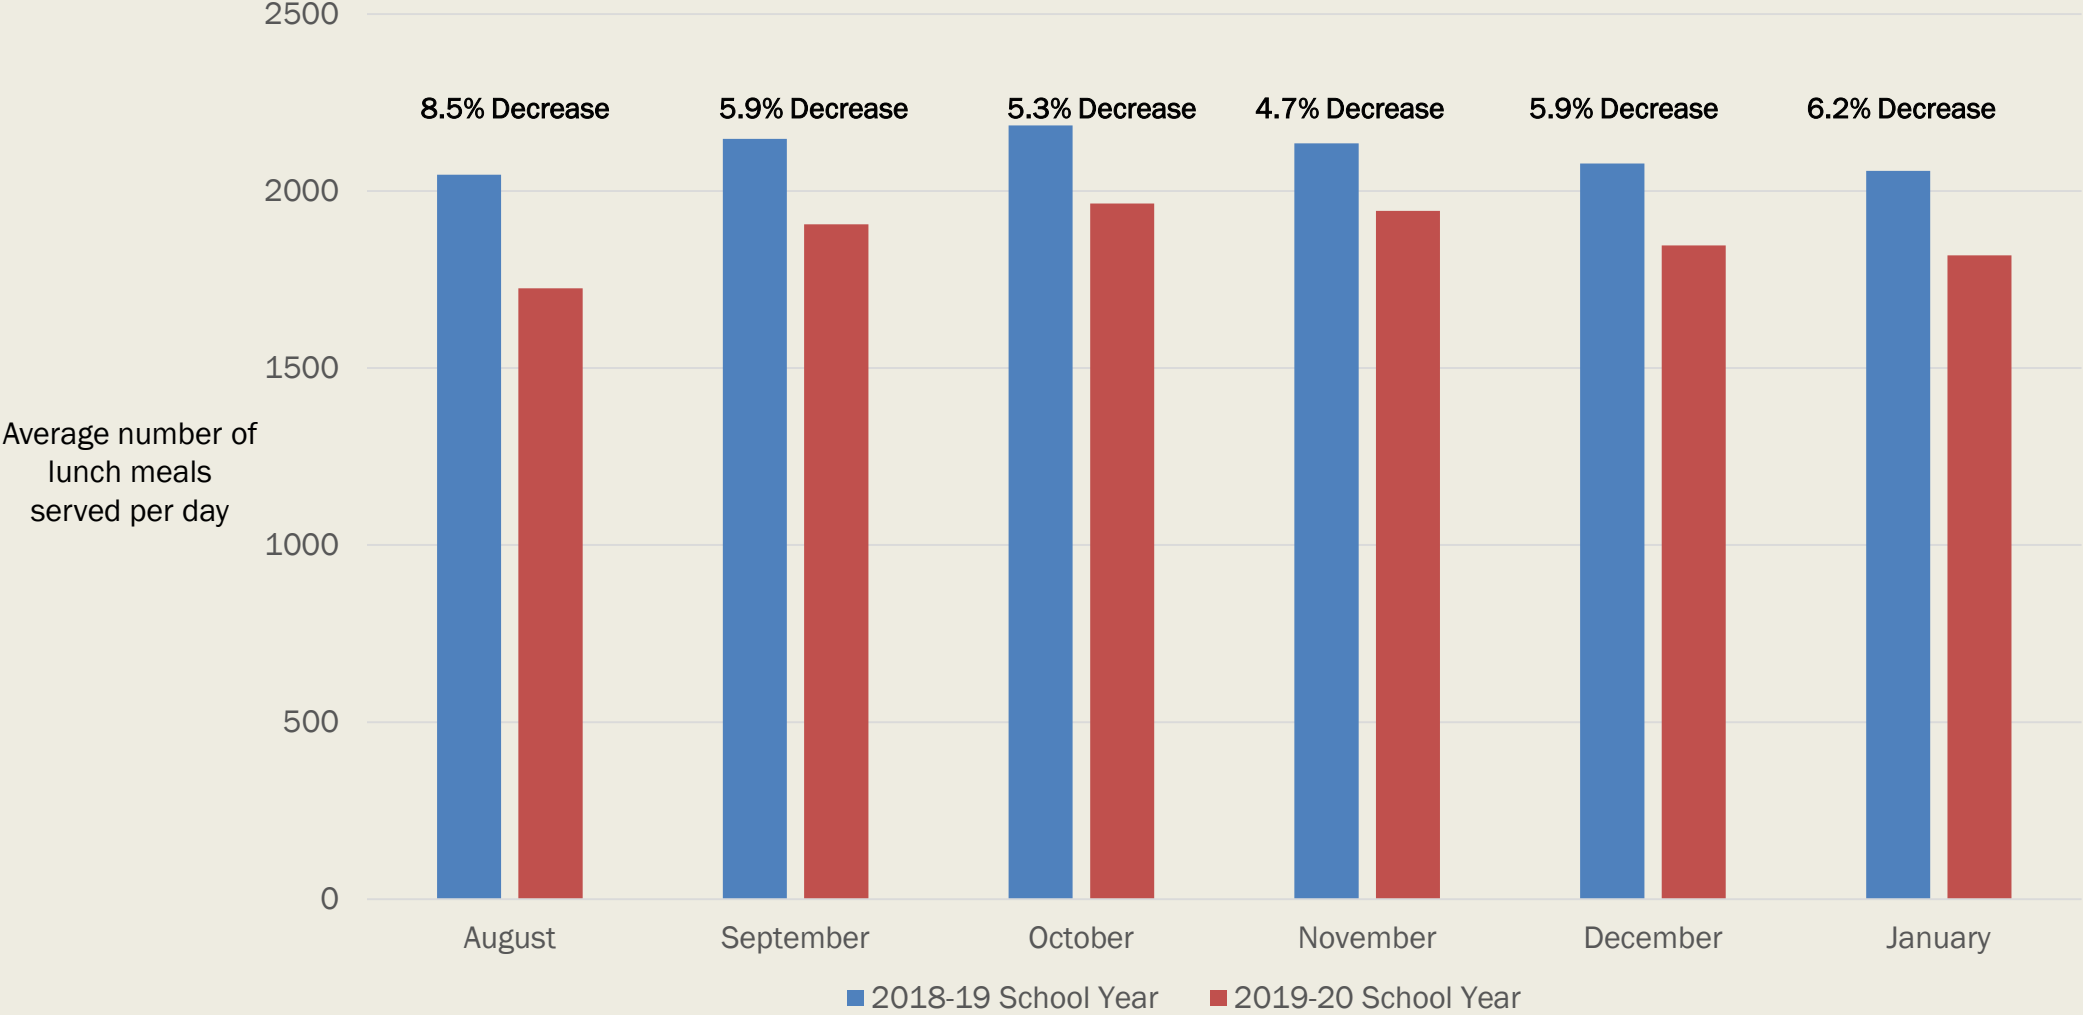

# Breakfast Average Daily Participation

# Lunch Average Daily Participation

# High Schools Average Daily Lunch Participation

# Thoughts on meal participation ...

- Overall meal participation has increased, especially breakfast. All seventeen schools are now serving grab and go breakfast.
- Overall high school lunch participation has decreased. A decrease in meal purchases in part is caused by virtual learning center enrollment, students earning dual credits off campus, and Ignite Institute enrollment.
