Based on the 2018-2019 accountability data, schools that showed improvement in any area were able to exit TSI status. Schools that did not show improvement among any of those markers were relabeled ATSI and we had two schools fall into that category: Ballard and Seneca High Schools for the academic performance of students with disabilities. In addition we had 9 schools with identified significant gaps and had a star removed due to a significant gap: Brandeis ES, Dunn ES, Stopher ES, Tully ES, Jefferson County Traditional MS, Meyzeek MS, Noe MS, Atherton HS, and Brown School. Lastly the following schools were identified as TSI status in 2017-2018 and continued to have a identified significant gap in 2018-2019 with the same student group (failing to reduce gap in achievement for the last 2 years): Highland MS, Lincoln ES, Meyzeek MS, Newburg MS, Noe MS, St. Matthews ES, and Western MS. The JCPS District Racial Equity Policy has required schools to develop a Racial Equity Plan that identifies gaps at their schools. Schools describe their strategies and actions to address their gaps in their CSIP and are monitored through the district's Equity Monitoring Protocol Tool (EMPT).
