RE: Bid Package "A", Site Work
Sonora/Upton Elementary School
BG #04-247
PFGW Project # 0350

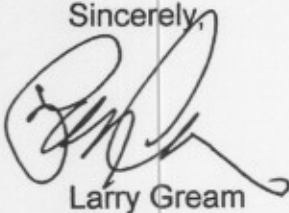

Dear Larry :

The Hardin County School Board has request that the steps adjacent to the dumpster be revised to a ramp to facilitate easier loading and unloading of materials by kitchen employees. Attached is our drawings MOD 13.1. This drawing details the new ramp.

We are requesting that McNutt Construction provide the new ramp. This will result in approximately 120 square feet of concrete that will not be required through your contract. Please forward a credit for 120 square feet of concrete.

Please give me a call if you have questions regarding this invoice.

Sincerely,

Larry Gream

PFGW Project # 0350

Dear Larry :

The lawn building for this project has been relocated closer to the asphalt pavements than originally bid. The associated drive and walk has been installed by McNutt Construction.

Please forward a credit for the concrete drive and walk adjacent to the lawn building.

Please give me a call if you have questions regarding this transmittal.

Sincerely,

Larry Gream
