

Date: Academic Year 2019-2020

Name: Phillip Watts, Charles Davidson, Stacy McKnight, & William Noble

School & Board of Education: Breathitt County High School; Breathitt County Schools

Address: 420 Court St., PO Box 750, Jackson, KY, 41339

Dear: Phillip Watts, Superintendent  
Charles Davidson, Principal

PartnerCorps, Partners for Education is pleased to partner with your district on the Council for National Community Service's PartnerCorps STEM grant. To assist with meeting the project's objectives the grant will reimburse the district as summarized below:

**Expenses incurred between, August 1, 2019 – July 31-2020**

<b>Funding Category/Project Area</b>	<b>Maximum Reimbursement</b>
<b>40 Chromebooks w/license and repair warranty</b> PartnerCorps STEM works to increase opportunities for our students we serve. In response to unanticipated temporary school closures due to prolonged public health crisis, to inclement weather, and other extreme circumstances, curriculum being taught online classes, and the need for tutoring services. It is necessary to award Chromebooks to the PartnerCorps STEM site. <i>Project Area:</i> This service will give AmeriCorps members and our partner schools an immediate tool to utilize for continuing Math and Science tutoring. And support academic enrichment in their roles as mentors working in the schools in which they are assigned. A PartnerCorps STEM member and Chromebook will be assigned to the student to continue services.	\$19,900.00
<b>3 TI-Nspire CX School Pack w/Docking Station</b> PartnerCorps STEM works to increase opportunities for our students we serve. In response to unanticipated temporary school closures due to prolonged public health issues, to inclement weather, and other extreme circumstances, curriculum being taught online classes, and the need for tutoring services. It is necessary for services to be successfully completed at the PartnerCorps STEM site. <i>Project Area:</i> This service will give AmeriCorps members and our partner schools an immediate tool to utilize for continuing Math and Science tutoring. And support academic enrichment in their roles as mentors working in the schools in which they are assigned.	
<b>Maximum Reimbursement</b>	<b>\$19,900.00</b>

Your district finance office must set up a MUNIS account to track the costs associated with the project. Funds must be expended as outlined in the aforementioned details. Previous Reimbursement instructions & procedures to the district will be followed.

As always, please let me know if you have any questions or if I can assist you in any way. It is our goal to continue to streamline this process, while ensuring we are meeting guidelines and collaborating to provide the most impactful services for children.

Sincerely,

Martina Jackson-Haynes, Project Director
