

## 2019-20 School Calendar

### Amended – NTI

The Kentucky Department of Education and the Governor of Kentucky have approved for the 2019-20 school year that once a school district has reached 1062 instructional hours they will have met the state requirements for completing an academic year. We DO NOT have to meet the requirement of 170 instructional days. As all of you are aware, we were also granted and required to perform Non-Traditional Instructional Days since March 16<sup>th</sup>. Non-Traditional instructional days are calculated as a 420 minute instructional day. Below is a breakdown of our academic year that allows us to meet the 1062 instructional hour requirement.

105 Traditional School Days	392 minutes	=	Total minutes	41,160
26 Early Release Days	340 minutes	=	Total minutes	8,840
33 NTI Days	420 minutes	=	Total minutes	13,860
164 Total instructional Days		=	Total Minutes	63,860
			Divided by	60
				1064 hours
