5.C. LES Principal's Report

Discussion:

Heather Dragan reported:

Teachers and staff have been working hard to create engaging home work activities for students. Students are in the middle of their 2nd packet and 83% of students have returned their first learning packet. Teachers have been meeting with their students via google meet and/or phone conversations. Mrs. Dragan gave a shout out to classified staff who have been keeping busy and working hard. May 8th will be the last distribution day and will contain summer learning activities. LES teachers had a car parade around the city and a virtual spirit week to try to motivate students. LES is working on a staff video for students.

5.D. District Monthly Activities

Discussion:

Rick Wolf reported:

KDE has been requesting information which Mr. Wolf has been providing. Currently working on an application for NTI days for the 2020-2021 school year. Application is much more involved than the emergency 2019-2020 application. Question from boardmember Pfeiffer - What are we doing for students who are not doing their NTI work? Response: Principals have been making home visits to these students to try and help them.
