

**Curriculum, Instruction, and Assessment  
Board Agenda  
Wednesday, June 24, 2020**

**PROFESSIONAL DEVELOPMENT**

- Professional Learning planning is on hold right now until we determine what the school year will look like. I have attached the professional learning needs assessment. For the last few years we have sent out a professional learning needs assessment to determine the needs of our staff. This has gone out mid to late March. I attached this year's results.

**ASSESSMENT**

- Normally we would be planning our assessment calendars, however, with everything up in the air, we are holding off.
- There have been some changes to Alternate Assessment for next year. Students and teachers no longer have to compile an AAAP folder. This makes our alternate assessment teachers very happy!

**REPORTS**

- The Gifted/Talented Report has been completed and submitted, thanks to the help of Mr. Long, Mrs. Willig, and Mr. Mobarry.
- The ESS Report has been submitted to KDE.
- The GMAP application for Title I, Title II and Title IV have been submitted to KDE thanks to the help of Trish Gosney.
