Revised December 2019

This Memorandum of Agreement (MOA) is entered into, by and between the Commonwealth of Kentucky, Kentucky Department of Education ("the Commonwealth") and Kenton County Schools ("the Contractor") to establish an agreement for FY21-Community Education Grant. The initial MOA is effective from July 15, 2020-June 30, 2021

Scope of Services:

Community Education in Kentucky encompasses five components:

Expanded utilization of school facilities-Community schools serve the entire community. A fully

Lifelong learning opportunities-Learning begins at birth and is life-long. As the basic education agency of the community, public schools respond to both formal and informal educational needs and desires of members of all age groups of the community

Volunteer Programs-Whether it is a parent or other family member, senior citizen or a young professional, volunteers enhance the learning experience of students. Research demonstrates that when parents and other community members are engaged in educating students, the schools are better and student performance improves

P-12 Support-Community support for student learning takes many forms. The community becomes the classroom, enabling students to integrate academic knowledge and critical thinking skills with real-life issues. Students have an opportunity to become resources and respected leaders in their communities

Collaboration-Successful collaboration is dependent upon intentional, well-facilitated coordination. Community Education Directors assume responsibility for ensuring that continued progress is made in resolving school and community issues. Community Education provides linkage with business/industry, community agencies and organizations, and individuals to resolve community and school issues
