RE: Site Topographic Survey
Campbellsville Independent Schools – Athletic Fields
Campbellsville, KY

Dear Mrs. Clements:

I have reviewed your Request for Proposal for partial site topographic surveys at two athletic fields on Campbellsville Independent School property.

This firm appreciates the opportunity to be involved in this project. Based on the provided RFP and the discussion items below, a lump sum amount of \$4,950 is provided for the Football / Baseball field site and \$2,800 for the baseball / softball field on Clem Haskins Blvd. As requested, these were priced as separate surveys, IF both are selected there could be cost savings that I am happy to discuss if chosen.

- NO Boundary Survey work to be performed. No items of AIA Section 2.2 will be performed.
- Topographic survey shall be limited to the indicated survey limits in the RFP.
- North shall be based on KY South State Plane Coordinates.
- Elevations will be based on NAVD 1988.
- Floodplains (if applicable) will be based on current FEMA Flood Mapping for this community, flood limits will be illustrated by means of scaling & plotting.
- Underground utilities will be located by surface features and KY811 utility locate, no destructive depth determination to be performed. UG utility depths from measurable features, historical information, or utility provider info.
- Individual trees larger than 4" will be located, except in thickly wooded areas where the limits will be located. **No species determination shall be performed.**
- The limits of any soil contamination, as marked by OTHERS, shall be survey located.

MLH CIVIL

3320 Clays Mill Road, PO Box 910379
Lexington, KY 40591-0379

Phone / Fax 859•219•1066
Cell 859•552•4103

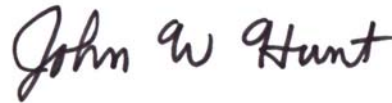

Should this proposal be accepted, all work shall be completed within 30 business days of receipt of a written notice to proceed & agreed scope of services.

If a Utility Locate company is desired to perform Ground Penetrating Radar utility location, the owner should expect costs in the \$1,500 - \$2,000 range per site. I am happy to help coordinate if selected.

MLH Civil carries Commercial General Liability Insurance (\$1M each occurrence / \$2M aggregate), Professional Errors & Omissions (\$1M), Workers Compensation, and Automobile Insurance. A certificate can be provided upon request. Applicable hourly rates can be provided should additional services be requested.

Again, I appreciate this opportunity to perform surveying services for this project, if the aforementioned items require additional discussion please feel free to call.

Sincerely,

JOHN W. HUNT, PE, PLS
