

**July 2020**  
**Director of Student Services**  
**Board Report**

**COVID – 19**

- Temperature Station has worked excellent. We have several classified staff members that have worked extremely hard and have taken ownership of the temperature station. I can't thank them enough for their work! (Tara Chambers, Sylvia Elliott, Elizabeth Ballard, Lori Gibbs, Amanda Unsel, and others.)
- Trish and myself have a ZOOM call scheduled with FEMA on August 11<sup>th</sup> to discuss reimbursement of supplies.
- 4 misting/disinfecting machines have been ordered from Stigler Supply.
- 290 student desks have been ordered. They will be used to replace tables throughout Lincoln.

**Custodial**

- Summer cleaning is almost complete. The custodial staff has worked extremely hard this summer.
- Custodial staff will start moving desks to the gym at Lincoln and storage rooms in the high school to reduce the number of desks in each classroom.

**Maintenance**

- The Unit Ventilators project is almost complete. All of the units are installed and we are waiting on repairs on 3 of the units.
- Solar Panels generated 4,707 KWH for the month of June. This saved us almost \$500 for the month of June.
- Maintenance requests from the end of the year are completed.

**School Safety**

- The final phase of the lock replacements at DHS is currently being installed.
- Meeting with new staff to provide ID badges and keys to their classrooms.

**Transportation**

- Bus inspections at Campbell County are on hold in an attempt to save some money.
- We are getting a refund of \$2,360 on insurance for the buses from March through July.
