Dear FCBOE:

This letter is to inform you that I have verbally committed to supporting the Floyd County STEM Academy (Floyd County School of Innovation). I will assist in the purchasing of Engineering - Project Lead the Way curriculum by paying for half of the total cost for supplies and training on the first two courses: Introduction to Engineering Design and Principles of Engineering. My investment will be approximately \$23,500.00.

I would also like to support the Computer Science program by purchasing a computer lab of twenty Dell computers. This contribution will be approximately \$17,000.00.

In return, I would like the Floyd County School System to agree to providing transportation for students to attend UK Engineering Day, UK Recruitment Day, and Grand tour of UK Engineering Program Day. Also, the Floyd County School System will fund the first two years of Project Lead the Way Computer Science curriculum, supplies, and training.

If there are any questions regarding my contribution to the new school please reach out to me via email and/or phone. I would be happy to answer your questions.

Thank you.

Sincerely,

Stanley Figman
