SUBJECT: Adult Meal Pricing

As per the findings from our districts five-year review from the Kentucky Department of Education, I am asking permission to raise the price of the Adult lunch cost.

The finding, during the review, was that our district is not charging enough for Adult Meals. The regulation states that all adult meals must be priced following this formula: reimbursement for a free lunch (\$3.53) + performance-based reimbursement (.07) + commodity reimbursement (.2375) = \$3.84. Reimbursement for a free breakfast (\$2.26) + commodity reimbursement (.2375) = \$2.50. Currently we charge \$3.50 for lunch and \$2.50 for breakfast. I would like to raise the price to \$4.00 for lunch and leave the price at \$2.50 for breakfast.

Each year there is a small increase in the amount that we are reimbursed. By increasing lunch this year, hopefully we will not be required to increase for the next couple of years. We may have to revisit the breakfast cost next year. It all depends on the federal reimbursement rates. Thank you for your consideration of this increase to make us compliant. Also, thank you for your continual support of the School Nutrition Department.

Adult Lunch Price Calculator for Non-Pricing Sites

Enter current free lunch reimbursement rate:	\$ 03.53
Enter performance reimbursement rate:	\$ 0.07
Enter current USDA foods value:	\$ 0.2375
Calculate	Total: \$3.84
