3. NEW BUSINESS

- a. Possible changes to schedule due to COVID - *KDE asked districts to come up with a school re-opening plan. We have done that as a district, and it has been approved by the Board of Education. Each school will be doing what is best for their building, working with both in-person students as well as GC@HOME students. With this calendar all buildings will have to change their daily schedules to be 7-hour days. The schedule as a whole is also fluid due to what KDE and the CDC determines. As well we are following the guidance of the Governor.*
- b. Staffing Update - *We are still in need of an Instructional Assistant but other than that our staff is full.*
- c. Technology Update - *We will be one to one next school year. The district ordered 700 chrome books which would cover every student in our district. The chrome books are due in by the end of August but at this time we can not guaranteed a date due to COVID- 19.*
